The Old Outboard Book

McGraw Hill Professional "Incredible amount of detail about all those kickers from the past, including an appendix with comprehensive model-year information." WoodenBoat "This book is the one to buy if you are interested in collecting antique outboard motors." Boating

The Complete Walker IV

Knopf For the first time since 1984, we have a new edition of the classic book that Field & Stream called "the Hiker's Bible." For this version, the celebrated writer and hiker Colin Fletcher has taken on a coauthor, Chip Rawlins, himself an avid outdoorsman and a poet from Wyoming. Together, they have made this fourth edition of The Complete Walker the most informative, entertaining, and thorough version yet. The eighteen years since the publication of The Complete Walker III have seen revolutionary changes in hiking and camping equipment: developments in waterproofing technology, smaller and more durable stoves, lighter boots, more manageable tents, and a wider array of food options. The equipment recommendations are therefore not merely revised and tweaked, but completely revamped. During these two decades we have also seen a deepening of environmental consciousness. Not only has backpacking become more popular, but a whole ethic of responsible outdoorsmanship has emerged. In this book the authors confidently lead us through these technological, ethical, and spiritual changes. Fletcher and Rawlins's thorough appraisal and recommendation of equipment begins with a "Ground Plan," a discussion of general hiking preparedness. How much to bring? What are the ideal clothes, food, boots, and tents for your trip? They evaluate each of these variables in detail—including open, honest critiques and endorsements of brand-name equipment. Their equipment searches are exhaustive; they talk in detail about everything from socks to freeze-dried trail curries. They end as they began, with a philosophical and literary disquisition on the reasons to walk, capped off with a delightful collection of quotes about walking and the outdoor life. After a thoughtful and painstaking analysis of hiking gear from hats to boots, from longjohns to tent flaps, they remind us that ultimately hiking is about the experience of being outdoors and seeing the green world anew. Like its predecessors, The Complete Walker IV is an essential purchase for anyone captivated by the outdoor life.

Troubleshooting principles

Ole Evinrude and His Outboard Motor

Wisconsin Historical Society Wisconsin entrepreneur Ole Evinrude will inspire children in this addition to the Badger Biographies series for young readers, where the story of Ole's invention, from drawing board to factory floor, is told in a reader-friendly format that includes historic images, a glossary of terms, and sidebars explaining how an outboard motor works. Ole Evinrude was born in Norway in 1877 and immigrated to the United States when he was five years old. The Evinrude family settled in Wisconsin and began farming, but it was clear from a very young age that Ole would not follow the family tradition. Ole Evinrude was meant to work with boats. Building an outboard motor was not easy, though - Ole suffered numerous mechanical and financial setbacks along the way. After years of hard work and persistence, the Evinrude motor company was founded and Ole's outboard motors were an instant hit around the world. Ole continued to improve the design of his motor and attracted other entrepreneurs to the area, making Wisconsin the center of the outboard motor industry for decades.

Expressvan

Beautiful Outboards

This unique collection of outboard motors highlights the aesthetic and technical qualities of these powerful machines. Each engine, selected for its historical significance, is beautifully photographed and features a discussion of its history, importance in advancing technology, collectibility, and technical attributes. Ranging from 1901 and the introduction of the first gasoline "rowboat" motors through the ingenious outboards of the 1960s, this guide covers the finest engines from Johnson, Evinrude, Mercury, Champion, Elto, and others.

John Wiley & Sons

Urban School Leadership

John Wiley & Sons This important book, written by educational expert and urban school leader, Tom Payzant, offers a realistic understanding of what urban school leadership looks like from the inside. Payzant shares his first-hand knowledge of the unique managerial, instructional, and political tasks of this role. Effectively combining practical lessons and research, Urban School Leadership includes in-depth analysis of various leadership concerns. The book covers topics such as improving student achievement, working with unions, building community, and maintaining and developing resources. Most importantly, it offers stories of real school leaders whose successes and missteps reveal the inherent "messiness" of this difficult job. Urban School Leadership is part of the Jossey-Bass Leadership Library in Education series. "This important book provides compelling examples of how effective leaders can have hope, see progress, and achieve success for all children in the schools and districts they lead."—Richard Riley, former United States Secretary of Education "Tom Payzant is one of the few people who could provide such a comprehensive, useful book for educational leaders at all levels. This very practical book is grounded in the important experiences and impressive judgment of one of our nation's most successful school superintendents"—Jon Schnur, co-founder and CEO, New Leaders for New Schools "Tom Payzant is one of the finest urban educators of our generation. Urban School Leadership is compelling, crisp, and wise—providing a clear path for those dedicated to improving the trajectory of children's lives."—Timothy F.C. Knowles, executive director, Center for Urban School Improvement, University of Chicago "Urban School Leadership is a must read for anyone interested in the landscape of urban public education in America."—Beverly Hall, superintendent, Atlanta Public Schools

The Golden Age of the Racing Outboard

Lakes and rivers throughout America once echoed with the buzz of outboard motors powering a variety of runabouts and hydroplanes, many crafted by the owners themselves. This bygone age of outboard motor racing—the late 1920s to the early 1960s—is captured in this all-encompassing reference. The origin of outboarding's great popularity including its heyday race down the Hudson River to New York City is featured, in addition to an in-depth look at Mercury Marine's racing efforts and the company's famous boss, Carl Kiekhaefer, and his 'green onions.'

Visual Basic 2008

How to Program

Prentice Hall Appropriate for all basic-to-intermediate level courses in Visual Basic 2008 programming. Created by world-renowned programming instructors Paul and Harvey Deitel, Visual Basic 2008 How to Program, Fourth Edition introduces all facets of the Visual Basic 2008 language hands-on, through hundreds of working programs. This book has been thoroughly updated to reflect the major innovations Microsoft has incorporated in Visual Basic 2008 and .NET 3.5; all discussions and sample code have been carefully audited against the newest Visual Basic language specification. The many new platform features covered in depth in this edition include: LINQ data queries, Windows Presentation Foundation (WPF), ASP.NET Ajax and the Microsoft Ajax Library, Silverlight-based rich Internet application development, and creating Web services with Windows Communication Foundation (WCF). New language features introduced in this edition: object anonymous types, object initializers, implicitly typed local variables and arrays, delegates, lambda expressions, and extension methods. Students begin by getting comfortable with the free Visual Basic Express 2008 IDE and basic VB syntax included on the CD. Next, they build their skills one step at a time, mastering control structures, classes, objects, methods, variables, arrays, and the core techniques of object-oriented programming. With this strong foundation in place, the Deitels introduce more sophisticated techniques, including inheritance, polymorphism, exception handling, strings, GUI's, data structures, generics, and collections. Throughout, the authors show developers how to make the most of Microsoft's Visual Studio tools. A series of appendices provide essential programming reference material on topics ranging from number systems to the Visual Studio Debugger, UML 2 to Unicode and ASCII.

Every Time a Bell Rings

Tule Publishing Once upon a time, he was everything to her, except for one thing: her future Christmas sparkles from every bough and window at the cozy Four Winds Ski Resort, where single mother Eden Kendall and her eight-year-old son are spending the holiday. A surprise marriage proposal from her boss's son wasn't on her Christmas list, but it's the perfect excuse to get away and weigh her options. She never imagined her son's ski instructor/Santa impersonator would be the gorgeous, charismatic dreamer she left behind years ago, the one who still owns a piece of her heart. Cole Hagan has never stopped loving Eden and he's spent the last eight years proving her wrong on every count about his potential. While he fights to save the resort that he helped to build by organizing a holiday concert, he decides it's about time that Eden puts aside her list-making pragmatism so that she and her skeptical son can experience the true magic of Christmas. Can a not-so-perfect angel help this unlikely pair get a second chance at happily ever after?

The Vintage Culture of Outboard Racing

Devereux Books (MA) Offering a compelling and personal look at both famous and little-known men and women who participated in an immensely colorful and rewarding sport, this book looks at the period of vintage outboard racing from the late 1940s to the late 1960s. Today, the American Powerboat Association oversees motorboat racing in America. This book takes racing enthusiasts behind the scenes to tell how the organization grew and describes its highly visible struggles. Also covered is the life of the great journalist of the sport, Hank Bowman, and the increasingly popular hobby of collecting racing paraphernalia, motors, accessories, toys, and games. This is a book for those who lived the postwar story of American outboard boat racing and for those nostalgic enthusiasts and collectors who wish they could.

How to Build Boats

How to Write an Exceptional Thesis Or Dissertation

A Step-by-step Guide from Proposal to Successful Defense

Atlantic Publishing Company According to the Council of Graduate Schools, only 57 percent of students who start their Ph.D.s complete them within ten years, and many times it's the thesis or dissertation that is holding them back. In this book, you will gain insight regarding the entire research process, from organizing your literature and materials most effectively to analyzing and evaluating the big picture for defense. You will learn how to locate and recognize a topic that is appropriate for your thesis or dissertation, and you will discover how to expand on the subject matter to ensure it's unique and distinct from any other research out there. This book will ensure that your argument is strong, sound, and persuasive throughout your entire thesis or dissertation, from the introductory chapter through the summarizing conclusive statements, and you will learn how to do so without plagiarizing or cutting corners. You will master how to write ethically, objectively, and properly according to your academic subject's standards. With this book as your guide, you will even find out how your research can take you from a proposal to a published writing career. With this book, you will learn everything from the ground-level basics to the more detailed breakdown of the research process. You will gain a strong understanding of the difference between a thesis and dissertation, and you will grasp the components expected of your work "regardless of the subject matter of your research. This book will walk you through the entire process step-by-step, teaching you how to structure a planning and writing schedule that will keep the process manageable and not overwhelming. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Founded over twenty years ago in the company president's garage, Atlantic Publishing has grown to become a renowned resource for non-fiction books. Today, over 450 titles are in print covering subjects such as small business, healthy living, management, finance, careers, and real estate. Atlantic Publishing prides itself on producing award winning, high-quality manuals that give readers up-to-date, pertinent information, real-world examples, and case studies with expert advice. Every book has resources, contact information, and web sites of the products or companies discussed.

Introduction to Programming with Visual Basic .NET

Jones & Bartlett Learning Introduction to Programming with Visual Basic .NET introduces the major concepts and applications of this important language within the context of sound programming principles, in a manner that is accessible to students and beginning programmers. Coverage includes the new visual objects required in creating a Windows-based graphical user interface, event-based programming, and the integration of traditional procedural programming techniques with VB .NET's object-oriented framework. The text places a strong emphasis on real-world business applications, case studies, and rapid application development to help engage students with discussion of practical programming issues. A full range of supplements for students and instructors accompany the text.

Voices of Hope

Adolescent Girls at Single Sex and Coeducational Schools

Peter Lang Pub Incorporated Fueled by media reports of gender bias in the schools, the debate over single sex education has been recently renewed. "Voices of Hope" asks for a reconsideration of the framing of that debate. For whom is single sex education better? For the attainment of which goals? What do girls gain by being schooled with male peers? What is lost? In this longitudinal study of more than fifty high school girls at four New England independent schools, Carole B. Shmurak follows their development from ninth grade through the first year of college. Case studies capture the girls' own voices as they describe their hopes for their futures and the events that subsequently affect those futures.

Warman's Antiques & Collectibles 2012 Price Guide

Krause Publications The Warman's Advantage & & As the longest-running guide and the most trusted name in antiques and collectibles, the 45th edition of Warman's Antiques & Collectibles features more than 1,500 images and 6,000 listings. It brings a fresh, 21st-century perspective that honestly assesses the market and looks at the best categories for investment - everything from glassware and toys to early flags and maps. "Future of the Market" reports share what's hot, and where the experts are putting their money. & & Top names in the trade weigh in on key categories: & & Writer Andrew Myers looks at 18th - and 19th-century French furniture. & & Toy expert Andrew Truman shares insights on "Door of Hope" dolls. & & Tom Deupree and Morrow Jones reveal the secrets to finding great vernacular photographs. & & Collector Forest Poston looks at the market for West German art pottery. & & Values are based on real-world results thanks to dozens of contributing auctions houses from coast to coast.

When the School Horse was King : a Tribute to Faithful

Friends and Companions

Douglas & McIntyre Limited

When The Blue Shift Comes

Hachette UK In the far future, Earth is about to be swallowed by a black hole in this sweeping SF epic from one of the masters of the genre. In a time so far from our own that we cannot comprehend it, humanity has spread amongst the stars and changed in more ways than we can count. But they have never forgotten their birthplace - Earth. But now Earth stands on the brink of catastrophe, at risk of being swallowed by a black hole. One man, Hanosz Prime, ruler of his world, is determined to visit Earth before it is destroyed. His abdication from his throne and his wanderlust are to prove the beginning of a much longer journey - one that will see him fall in love, meet the Oracles of Earth and perhaps, if he is very lucky, provide a means to save the cradle of humanity. Originally started by Robert Silverberg more than 20 years ago but never completed, Hanosz's story is taken up by Alvaro Zinos-Amaro. Silverberg hand-picked Zinos-Amaro to complete the book, and provided notes and guidance. The result is a remarkable collaboration between one of the masters of SF and one of the most exciting new voices in the genre.

How to Prepare for the Virginia SOL

High School Exit Exam in Algebra I

Barrons Educational Series This brand-new manual provides high school students throughout the state of Virginia with in-depth preparation for the required Algebra I exam. The authors present an overview of the test, provide a calculator tutorial, and introduce algebraic expressions and operations. Following chapters offer review and practice in equations and inequalities, relations and functions, and statistics and data analysis. Also included are three full-length practice exams with all questions answered and explained.

Koine Greek Grammar

A Beginning-Intermediate Exegetical and Pragmatic Handbook

Koine Greek Grammar and its accompanying Workbook and Answer Key & Guide have been in the making for decades. It was first a small manual Kairos Greek Grammar; then it grew into a fully integrated and hyperlinked CD that has been published by Logos Bible Software (2005). Now, this current handbook--KOINE GREEK GRAMMAR: A BEGINNING-INTERMEDIATE EXEGETICAL AND PRAGMATIC HANDBOOK--has been thoroughly expanded to include my more explicit description of marked, emphatic, prominent, and pragmatic features of Greek, ideas that were nascent in KAIROS, but now grounded in a communication theory informed by Relevance Theory (Dan Sperber and Deirdre Wilson), Prominence Theory with reference to translation (Kathleen Callow), and Discourse Grammar and Pragmatics (Stephen Levinsohn, Stanley Porter, and Steven Runge). Exegetically significant aspects of Greek syntax and the use of the Greek language (i.e., pragmatics) occur strategically throughout KOINE GREEK GRAMMAR and include the following: - conjunctions and their constraints - point/counterpoint sets - polysyndeton, asyndeton, correlative emphasis, and lists - fronted modifiers for emphasis (genitive, demonstrative, quantitative) - vocatives as thematic address - appositional statements - the historic present and the verb tense options in narrative - metacomments as orienting statements - interjections as attention getting devices - quantitative, qualitative, interrogative, negative, and comparative types of emphasis - special uses of the noun cases - participle uses, including periphrastic and genitive absolutes - special uses of the Moods - left-(dis)locations - discourse pragmatic uses of the article - conditional and exception clauses Some of these discussions will have extended Intermediate-level treatments that are placed within greyed boxes. Other significant enhancements are the inclusion of CHECK POINTS that give students a chance to practice what is being learned in each chapter along with (SUGGESTED) ANSWERS that immediately follow. Scattered throughout KOINE GREEK GRAMMAR are images of ancient realia, i.e., remnants of Mediterranean material culture including biblical and non-biblical papyri fragments, vase paintings, coins, bas-reliefs, imperial artifacts, inscriptions, funerary stele, statues, gems, temples, maps, and reconstructed scenes of life in the polis. The language and syntax of the Greek NT is contextually located in these worlds. Still present (but improved) are the CASE IN POINTS at the end of each chapter that briefly describe how particular points of Greek grammar just presented helps us when interpreting the Greek NT. In other words, the CASE IN POINT illustrates how Greek grammar is valuable as a tool for the study of the NT. In addition to having a full APPENDIX, VOCABULARY OF WORDS OCCURRING 20 TIMES OR MORE, and INDICES, KOINE GREEK GRAMMAR has a separate extensive WORKBOOK AND ANSWER KEY & GUIDE. that has been carefully crafted with many exercises drawn directly from biblical expressions and actual verses.

Urinary Dysfunction in Prostate Cancer

A Management Guide

Springer This volume provides a comprehensive, state-of-the-art review of this topic. It reviews natural history, etiology, management, and prevention of urinary dysfunction. The text covers the multiple new treatments for prostate cancer that have been introduced as well as reviewing the etiology, risk factors, and possible prevention of urinary dysfunction in men with prostate cancer. This textbook provides a concise yet comprehensive summary of the current status of the field that will help guide patient management and stimulate investigative efforts. All chapters are written by experts in their fields and include the most up-to-date clinical information Urinary Dysfunction in Prostate Cancer - A Management Guide will serve as a valuable resource for clinicians, surgeons and researchers with an interest in urinary dysfunction caused by prostate cancer or its treatments.
