MODERN HEBREW VERBS STEP BY STEP

THE TEXTBOOK.

CreateSpace Most students consider the binyanim - the Hebrew verb structure - the biggest obstacle to learning the language properly. Much time and effort are spent on learning verbs by heart. This textbook offers a comprehensive step by step approach suitable for the self-study. The reader learns how to form the infinitive, past tense, future tense and imperative. This is a milestone in the acquisition of the Hebrew language. Learning by heart is not necessary any longer. Once the student has understood the logic of verb structure, he can freely navigate in Ivrit.

Barrons Educational Series Incorporated October 2005

MODERN HEBREW

AN ESSENTIAL GRAMMAR

Psychology Press This third edition of *Modern Hebrew: An Essential Grammar* is an up-to-date and practical reference guide to the most important aspects of modern Hebrew, as used by contemporary native speakers of the language. Presenting an accessible description of the language, this user-friendly text focuses on the real patterns of use today. A reference source for the learner and user of Hebrew irrespective of level, it sets out the complexities of the language in short, readable sections that are clear and free from jargon. Features of this updated edition include: * expanded coverage of nouns, verbs and adjectives * more examples throughout * a full exercise key * a glossary of grammatical terms. Well presented and easy to use, *Modern Hebrew: An Essential Grammar* is ideal either for independent study or for students in schools, colleges, universities and adult education.

THE OXFORD ENGLISH-HEBREW DICTIONARY

Oxford University Press, USA The *Oxford English-Hebrew Dictionary* is a detailed guide to current usage in English and Hebrew. In addition to a full range of idioms and phrases, slang and colloquialisms, the dictionary offers comprehensive coverage of technical, scientific, legal, medical, and academic terminology. Care has also been taken to record British, American, and Australian variants. Both the presentation and content of the dictionary are designed to guide the reader through the pitfalls of varying register and context; clearly labelled senses and numerous example phrases ensure maximum clarity and accessibility. The result is an essential reference tool for English and Hebrew users alike. The *Oxford English-Hebrew Dictionary* was compiled and edited at the Oxford Centre for Hebrew and

Jewish Studies.

AN ADVANCED LEARNER'S HANDBOOK

BRILL This reference manual-cum-textbook provides advanced learners of Hebrew and their teachers with the linguistic information - both grammatical and semantic - and the strategic means necessary to reach a native-like proficiency in reading scholarly works in the field of Jewish Studies.

THE ROUTLEDGE INTRODUCTORY COURSE IN MODERN HEBREW

HEBREW IN ISRAEL

Routledge The Routledge Introductory Course in Modern Hebrew is an integrated language course designed ideally for classroom-based learners. Adopting an eclectic approach, the course contains 90 lessons combining authentic texts, grammar explanations, and exercises with audiovisual materials to guide and support the student through the key skills of reading, writing, speaking and listening. Features include: A wide range of texts, from dialogues and simple narratives to newspaper articles and poetry Over 30 additional passages for extended reading Vocabulary lists for each text A variety of exercises for every lesson including oral drills, listening comprehension, grammar exercises and writing practice Glossaries for each unit and a comprehensive dictionary Thorough explanation of all the grammatical issues that arise at the introductory level A solid grammatical foundation presented in an accessible, user-friendly manner Cultural notes to introduce students to Israeli society All the texts, wordlists, and verb conjugations are freely available in an audiovisual format on the companion website: <http://routledgehebrew.com/> An integral part of the course, the website also contains a wealth of additional resources including: Answers to all of the exercises in the book Interactive exercises Audiovisual verb dictionary Audiovisual charts of prepositions and nouns with their pronoun suffixes Audiovisual reference charts of numbers, colors, the days of the week, etc. Checklists and review lessons for each unit Links to Israeli websites Videos and music The Routledge Introductory Course in Modern Hebrew provides everything that students and instructors need for an engaging and effective learning environment.

MODERN HEBREW FOR INTERMEDIATE STUDENTS

A MULTIMEDIA PROGRAM

University of Texas Press Modern Hebrew for Intermediate Students—which is now revised and updated—and Modern Hebrew for Beginners are the core of a multimedia program for the college-level Hebrew classroom developed at the University of Texas at Austin in the early 2000s. Within an intensive framework of instruction that assumes six weekly hours in the classroom, the program provides for two semesters of instruction, at the end of which most successful students will reach the intermediate-mid or intermediate-high levels of proficiency in speaking and reading, and some will reach advanced-low proficiency, as defined by the American Council on the Teaching of Foreign Languages (ACTFL). In addition to a variety of written exercises, the workbook includes vocabulary lists, reading selections, discussions of cultural topics, illustrations of grammar points, notes on registers, suggestions for class and individual activities, and glossaries. The workbook is complemented by a website (<http://www.laits.utexas.edu/hebrew>) that provides short video segments originally scripted and filmed in Israel and the United States, vocabulary flashcards with sound, interactive exercises on topics included in the workbook, sound files parallel to the reading selections in the workbook, and additional materials that enhance the learning experience. The stability of the workbook, combined with the dynamic nature of the website and the internet searches the students are directed to conduct, allows language instructors to reshape the curriculum and adapt it to the needs of their students and the goals of their programs.

READING HEBREW

THE LANGUAGE AND THE PSYCHOLOGY OF READING IT

Routledge Over the last two decades, the study of languages and writing systems and their relationship to literacy acquisition has begun to spread beyond studies based mostly on English language learners. As the worldwide demand for literacy continues to grow, researchers from different countries with different language backgrounds have begun examining the connection between their language and writing system and literacy acquisition. This volume is part of this new, emerging field of research. In addition to reviewing psychological research on reading (the author's specialty), the reader is introduced to the Hebrew language: its structure, its history, its writing system, and the issues involved in being fluently literate in Hebrew. Chapters 1-4 introduce the reader to the Hebrew language and word structure and focuses on aspects of Hebrew that have been specifically researched by experimental cognitive

psychologists. The reader whose only interest is in the psychological mechanisms of reading Hebrew may be satisfied with these chapters. Chapters 5-8 briefly surveys the history of the Hebrew language and its writing system, the origin of literacy in Hebrew as one of the first alphabetic systems, and then raises questions about the viability (or possibility) of having full-scale literacy in Hebrew. Together, the two sets of chapters present the necessary background for studying the psychology of reading Hebrew and literacy in Hebrew. This volume is appropriate for anyone interested in comparative reading and writing systems or in the Hebrew language in particular. This includes linguists, researchers, and graduate students in such diverse fields as cognitive psychology, psycholinguistics, literacy education, English as a second language, and communication disorders.

THE VERBAL SYSTEM IN LATE ENLIGHTENMENT HEBREW

BRILL This book constitutes the first thorough, corpus-based analysis of the verb in Late Maskilic (Jewish Enlightenment) Hebrew prose fiction. It assesses Maskilic Hebrew verbal morphology and syntax both synchronically and within the context of the diachronic Hebrew verbal system.

HEBREW VOCABULARY FOR ENGLISH SPEAKERS - 9000 WORDS

9000-WORD ENGLISH-HEBREW VOCABULARY Knowing and understanding around 9000 Hebrew words will give you the ability to read and write with only the minimal use of a dictionary. This knowledge will foster your ability to express your thoughts during conversation in a precise and accurate way. With a little practice and with the added help and experience of having viewed many Hebrew films, you will be proud and amazed at your new level of Hebrew. You will now see your language level improve to the point where you can say: "Hebrew? Absolutely! I know it very well." T&P Books vocabularies are intended to help you learn, memorize and review foreign words. The dictionary contains over 9000 commonly used words. Recommended as additional support material to any language course. Meets the needs of both beginners and advanced learners. Convenient for daily use, reviewing sessions and self-testing activities. Allows you to assess your current vocabulary. This book can also be used by foreign learners of English. Special features of T&P Books bilingual vocabularies: Words are arranged according to their meaning, not alphabetically. Content is presented in three columns to facilitate the reviewing and self-testing processes. Each theme is composed of small blocks of similar lexical units. The vocabulary offers a convenient and simple transcription for each foreign word. This edition contains 256 topics: Basic Concepts, Numbers, Colors, Months, Seasons, Units of Measurement, Clothing & Accessories, Food & Nutrition, Restaurant, Family Members, Relatives, Character, Feelings, Emotions, Diseases, City, Town, Sightseeing, Shopping, Money, House, Home, Office, Working in the Office, Marketing, Sports, Education, Computer, Internet, Tools, Nature, Countries, Nationalities and more ... Our Hebrew collection includes also vocabularies of 3000, 5000 and 7000 words. All these titles are available as printed books and e-books. If you have any question, suggestion or feedback, please contact us: admin@tpbooks.com. HEBREW GRAMMAR

Quickstudy Quick-reference summary to the basics of Hebrew Grammar.

AN ANSWER KEY TO A PRIMER OF ECCLESIASTICAL LATIN

A SUPPLEMENT TO THE TEXT BY JOHN F. COLLINS

CUA Press This long-awaited volume provides an answer key to the drills and exercises contained in each of the units of John F. Collins's bestselling *A Primer of Ecclesiastical Latin*. Written for those charged with the responsibility of teaching the Latin of the church, the primer aims to give the student--within one year of study--the ability to read ecclesiastical Latin. Thirty-five instructional units provide the grammar and vocabulary, and supplemental readings offer a survey of church Latin from the fourth century to the Middle Ages. Included is the Latin of Jerome's Bible, of canon law, of the liturgy and papal bulls, of scholastic philosophers, and of the Ambrosian hymns. **ABOUT THE AUTHOR:** John R. Dunlap is a senior lecturer in classics at Santa Clara University, where he has taught Latin, Greek, and classical literature for more than 30 years.

LA-ḤŠŌB, BUT LA-ḤĀZŌR?

SONORITY, OPTIMALITY, AND THE HEBREW PO'EL ḤOZER FORMS

Otto Harrassowitz Verlag This is a detailed study on the insertion of epenthetic vowels in verbal and nominal forms *primae* and *mediae gutturalis*, in Biblical Hebrew, as well as in normative and spoken Modern Hebrew. The monograph aims at showing the following: 1) Apparent irregularity in a linguistic system, here on the phonological level, can be resolved within a network of transparent rules, which reflect the interaction of various parameters. 2) The tension between the norm and the corresponding reality in a linguistic system is by no means just a modern phenomenon, but can, in the case of Hebrew, be traced all the way back to the classical stages of said linguistic system. 3) The sonority scale in conjunction with the relevant preference laws for syllable structure has once again proven to be a powerful explanatory device in phonological theory and emerged as the central argument in the context of our research. 4) Optimality Theory offers a theoretical framework for arranging an array of relevant constraints in order to account for the variety of observable output forms in the Tiberian Hebrew tradition, many forms of which continue to be valid in modern times.

501 FRENCH VERBS

Simon and Schuster Learning French is easy with Barron's 501 French Verbs. The authors provide clear, easy-to-use review of the most important and commonly used verbs from the French language. Each verb is listed alphabetically in easy-to-follow chart form—one verb per page with its English translation. This comprehensive guide to French verb usage is ideal for students, travelers, and adult learners. It includes: 501 verbs conjugated in all persons and tenses, both active and passive The 55 most essential French verbs used in context A bilingual list of more than 1,250 additional verbs Helpful expressions and idioms for travelers Verb drills and short tests with all questions answered and explained

ANCIENT HEBREW DICTIONARY

Ancient Hebrew Research Center Whether you know Hebrew or not, this book will provide you with a quick reference resource for learning the meaning of many Hebrew words that lie beneath the English translations, which will open new doors for you into Biblical interpretation. The Hebrew language of the Bible must be understood from its original and Ancient Hebrew perspective. Our interpretation of a word like "holy" is an abstract idea, derived out of a Greco-Roman culture and mindset, which is usually understood as someone or something that is especially godly, pious or spiritual. However, the Hebrew word קדוש (*qadosh*) means, from an Ancient Hebrew perspective, unique and is defined in this dictionary as: "Someone or something that has, or has been given the quality of specialness, and has been separated from the rest for a special purpose." With this interpretation, we discover that the nation of Israel is not "holy," in the sense of godliness or piety, but is a unique and special people, separated from all others to serve God. This Biblical Hebrew dictionary contains the one thousand most frequent verbs and nouns found within the Hebrew Bible. Each word is translated and defined from its original concrete Ancient Hebrew perspective, allowing for a more accurate interpretation of the text. In addition to the one thousand verbs and nouns, the appendices in the book include a complete list of Hebrew pronouns, prepositions, adverbs, conjunctions and numbers.

CONTEMPORARY ISRAEL

NEW INSIGHTS AND SCHOLARSHIP

NYU Press For a country smaller than Vermont, with roughly the same population as Honduras, modern Israel receives a remarkable amount of attention. For supporters, it is a unique bastion of democracy in the Middle East, while detractors view it as a racist outpost of Western colonialism. The romanticization of Israel became particularly prominent in 1967, when its military prowess shocked a Jewish world still reeling from the sense of powerlessness dramatized by the Holocaust. That imagery has grown ever more visible, with Israel's supporters idealizing its technological achievements and its opponents attributing almost every problem in the region, if not beyond, to its imperialistic aspirations. The contradictions and competing views of modern Israel are the subject of this book. There is much to consider about modern Israel besides the Middle East conflict. Over the past generation, a substantial body of scholarship has explored numerous aspects of the country, including its approaches to citizenship and immigration, the arts, the women's movement, religious fundamentalism, and language; but much of that work has to date been confined within the walls of the academy. This book does not seek not to resolve either the country's internal debates or its struggle with the Arab world, but to present a sample of contemporary scholars' discoveries and discussions

about modern Israel in an accessible way. In each of the areas discussed, competing narratives grapple for prominence, and it is these which are highlighted in this volume.

HEBREW STUDIES

IF YOU CAN'T SAY ANYTHING NICE, SAY IT IN YIDDISH

THE BOOK OF YIDDISH INSULTS AND CURSES

Kensington Publishing Corp. You don't have to be Jewish to get back at the shmendriks* of the world Yiddish. It's the most colorful language in the history of mankind. What other language gives you a whole dictionary of ways to tell someone to drop dead? That schmuck who got promoted over you? Meigulgl zol er vern in a henglaykhter, by tog zol er hengen, un by nakht zol er brenen. (He should be transformed into a chandelier, to hang by day and to burn by night.) That soccer mom kibitzing on her cell phone and tying up traffic? Shteyner zol zi hobn, nit keyn kinder. (She should have stones and not children.) If You Can't Say Anything Nice, Say It in Yiddish is the perfect glossary of Yiddish insults and curses, from the short and sweet to the whole megillah (Khasene hobn zol er mit di malekh hamoves tokhter: He should marry the daughter of the Angel of Death.) Complete with hundreds of the most creative insults for the putzes** and kvetchers *** of the world, this is an indispensable guide for Jews and Gentiles alike. When it comes to cursing someone who sorely needs it, may you never be at a loss for words again. *Idiots **More idiots ***Complainer; a pain in the tuchas**** **** One's rear end

A GRAMMAR OF THE HEBREW LANGUAGE

201 SWEDISH VERBS: FULLY CONJUGATED IN ALL THE TENSES

Barrons Educational Series Verbs are presented alphabetically, one verb to a page, and shown in all of their forms.

THE VERBAL SYSTEM OF BIBLICAL HEBREW

A NEW SYNTHESIS ELABORATED ON THE BASIS OF CLASSICAL PROSE

Simor Limited The verbal system of Biblical Hebrew has been a daunting challenge for Hebraists, Bible scholars, and comparative Semitists. Already in ancient versions we see translators struggling with it. Good understanding of the verbal system is of vital importance not only for grammarians, but also for exegetes. In the past one and half a century or so some significant advances have been made, thanks to the discovery of new texts in Hebrew and cognate Semitic languages and developments in general linguistics, even the discovery of totally new languages such as Ugaritic and Eblaite. Not a few scholars have made use of these new data and applied new linguistic perspectives in order to elucidate the Hebrew verbal system as a whole and various aspects of the system. Joosten is one such. With his profound expertise in Biblical Hebrew, the Jewish Bible, Classical Syriac and the Septuagint he presents here an impressive synthesis of the modern studies of the Hebrew verbal system. It goes far beyond a mere critical survey of the past and present studies, but Joosten has conducted his own research on the subject over the past two decades or so. This book is focused on the classical prose of Genesis up to Kings, though more than cursory attention has been paid to later texts and poetic texts. The analysis and presentation of data is commendably lucid, backed up with plentiful examples. The author's use of technical terms, some not part of the common parlance of Bible scholars, is user-friendly and not off-putting. Joosten is modestly aware himself that he has not said the last word, but has broadened our horizon. We have here an essential reading not only for Hebraists and Semitists, but also for anyone seriously interested in the Jewish Bible.

A NEW SYNTAX OF THE VERB IN NEW TESTAMENT GREEK

AN ASPECTUAL APPROACH

Peter Lang Pub Incorporated In recent decades it has been increasingly recognized that the forms of the verb in ancient Greek, including that of the New Testament, do not signal time (past, present, future), but aspect (the way each activity is viewed in relation to its context). Applying the new insights, this book offers a concise and clearly stated account of the way the verb works in the syntax of New Testament Greek. Its approach is pragmatic, with emphasis on context rather than theory. It can be read as a coherent account, and its four indexes also make it a handy reference book.
