Over half a century since his earliest publications, Hollywood filmmakers continue to reinvent, reimagine, remake, and reboot King's stories, with mixed results. This book, volume 1 in a series, examines the various screen adaptations of King's first three novels: *Carrie*, *Salem's Lot*, and *The Shining*. Reaching further than questions of fidelity to the author and adherence to directorial visions, it charts the development of each individual adaptation from first option to final cut. Through old and new interviews with the writers, producers, and directors of these films--as well as in-depth analyses of produced and unproduced screenplays--it illuminates the adaptation process as an intricately collaborative endeavor. Rather than merely synopsise the resulting stories, its goal is to compare, contrast, and contextualize each of these adaptations as the products of their creators. *Carrie: The Musical - Vocal Selections Hal Leonard Corporation (Vocal Selections)*.
