The book provides an in-depth analysis of China's contemporary financial regulatory system, focusing on risks, regulation, and policies in practice. By drawing on public and private interest theories relating to financial regulation, the book contends that the controlled development of the banking sector, and the financial sector generally, has transformed China's banks into more market-oriented institutions and increased public sector growth. However, China's financial market and financial regulation have some inherent weaknesses and deficiencies. This book also offers insights into how this can be improved or adapted to minimize systemic risks in China's financial sector. This book tries to prove that financial regulation is not just a vehicle for maintaining efficient financial markets but a primary tool through which the Chinese government achieves its political and economic objectives. More fundamentally, according to the law and finance theory, strong market and vibrant judicial systems are needed to further modernize China's financial markets and market economy. The book will be a useful reference for anyone interested in learning from the Chinese experience. **The Legal Protection of Databases Cambridge University Press** Mark Davison examines several legal models designed to protect databases, considering in particular the EU Directive, the history of its adoption and its transposition into national laws. He compares the Directive with a range of American legislative proposals, as well as the principles of misappropriation that underpin them. In addition, the book also contains a commentary on the appropriateness of the various models in the context of moves for an international agreement on the topic. This book will be of interest to academics and practitioners, including those involved with databases and other forms of new media. **Crystal and Crown A Sermon Preach'd to the People, at the Mercat-cross of Edinburgh; on the Subject of the Union.. Proceedings and Transactions of the Queensland Branch of the Royal Geographical Society of Australasia Nomads of the Australian Desert Adelaide : Rigby Philosophy Of Physics CRC Press** This book focuses on the most important questions of philosophy of physics, offering a sufficiently concise and clear treatment of the issues to lead the interested reader through the sometimes labyrinthian paths taken by the central debates. **CHOREOGRAPHER'S HANDBOOK Routledge** Internationally renowned dancer, choreographer and teacher Jonathan Burrows explains how to navigate a course through the complex process of creating dance. He provides choreographers with an active manifesto and shares his wealth of experience of choreographic practice to allow each artist and dance-maker to find his or her own aesthetic process. **The Wal-Mart Effect How an Out-of-town Superstore Became a Superpower Penguin UK** Charles Fishman takes us into the heart of the biggest company on earth, ever, to show how the Wal-Mart effect shapes lives everywhere, whether for cleaners in America, bicycle-makers in China or salmon farmers in Chile. Now Wal-Mart's influence is so great it can determine everything from working practices to market forces themselves, Fishman asks: how did a shop manage to do all this? And what will the ultimate cost of low prices be? **The spectre of the Vatican or, The efforts of Rome in England since the Reformation The Works of that Learned and Judicious Divine, Mr. Richard Hooker With an Account of His Life and Death The Secret of the Soul Using Out-of-Body Experiences to Understand Our True Nature Harper Collins** In this remarkable book, William Buhlman, author of the bestselling *Adventures Beyond the Body*, offers the reader a comprehensive guidebook to understanding and exploring the fascinating phenomenon of out-of-body experiences (OBEs).
