"That's my name," he said. "Who are you?" The man across the desk shook his head. "I don't know," he said indistinctly. "Sometimes a simple approach works," said the counselor, shoving aside the nameplate. "But not often. We haven't found anything that's effective in more than a small percentage of cases." He blinked thoughtfully. "Names are difficult. A name is like clothing, put on or taken off, recognizable but not part of the person--the first thing forgotten and the last remembered." The man with no name said nothing. "Try pet names," suggested Borgenese. "You don't have to be sure--just say the first thing you think of. It may be something your parents called you when you were a child." The man stared vacantly, closed his eyes for a moment and then opened them and mumbled something. "What?" asked Borgenese. "Putsy," said the man more distinctly. "The only thing I can think of is Putsy." The counselor smiled. "That's a pet name, of course, but it doesn't help much. We can't trace it, and I don't think you'd want it as a permanent name." He saw the expression on the man's face and added hastily: "We haven't given up, if that's what you're thinking. But it's not easy to determine your identity. The most important source of information is your mind, and that was at the two year level when we found you. The fact that you recalled the word Putsy is an indication." **Forget Me Not** [JMS Books LLC](#) Jensen Morris is financially stable, and has been dating Milo Hawkins for more than fifteen years. Charged with sensuality and passion, Pablo Neruda's love poems caused a scandal when published anonymously in 1952. In later editions, these verses became the most celebrated of the Noble Prize winner's oeuvre, captivating readers with earthbound images that reveal in gentle lingering lines an erotic re-imagining of the world through the prism of a lover's body: "today our bodies became vast, they grew to the edge of the world / and rolled melting / into a single drop / of wax or meteor...." Written on the paradisaical island of Capri, where Neruda "took refuge" in the arms of his lover Matilde Urrutia, **Love Poems** embraces the seascapes around them, saturating the images of endless shores and waves with a new, yearning eroticism. This wonderful book collects Neruda's most passionate verses. The juvenile forget me not, ed. by Mrs. S.C.
