**Wave A Memoir of Life After the Tsunami Hachette UK** The book opens and we are inside the wave: thirty feet high, moving at twenty-five mph, racing two miles inland. And from there into the depths of the author's despair: how to live now that her life has been undone? Sonali Deraniyagala tells her story - the loss of her two boys, her husband, and her parents - without artifice or sentimentality. In the stark language of unfathomable sorrow, anger, and guilt: she struggles through the first months following the tragedy -- someone always at her side to prevent her from harming herself, her whole being furiously clenched against the reality she can't face; and then reluctantly emerging and, over the ensuing years, slowly allowing her memory to function again. Then she goes back through the rich and joyous life she's mourning, from her family's home in London, to the birth of her children, to the year she met her English husband at Cambridge, to her childhood in Colombo while learning the balance between the almost unbearable reminders of her loss and her fundamental need to keep her family, somehow, still with her.

With only 24 hours until the wedding, is there enough time to repair the damage? Tick tock. And even if Penny and James do come back to each other, Isabella is still out there plotting. The world is still against them. Darkness still lurks in the shadows of James' past. A student and her professor were never meant to be forever. They thought it was an everlasting love, but it was doomed from the very start. Tick tock. Temptation led to addiction, which exploded into an eruption of chaos. Looming high on the cliff is The Nest, a fortress full of mages who offer protection, but also embody everything the rebellion is fighting against: a strict hierarchy based on magic abilities. When Isha arrives as a refugee, she attempts to fit in amongst the other mages, but her Kher tattoo brands her as an outcast. She can't remember her past or why she has the tattoo. All she knows is that she survived. She doesn't intend to give up now. Tatters, who wears the golden collar of a slave, knows that this rebellion is different from past skirmishes. He was once one of the rebels, and technically, they still own him. He plans to stay in the shadows, until Isha appears in his tavern. He's never seen a human with a tattoo, and the markings look eerily familiar . . . As the rebellion carves a path of destruction towards the city, an unlikely friendship forms between a man trying to escape his past and a woman trying to uncover hers, until their secrets threaten to tear them apart. *The Collarbound* hooks from the opening page and will appeal to fans of magical, brink-of-war settings, like that of *The Poppy War* and *The City of Brass*. 'Zahabi deftly creates a fully-realized and richly described world, providing a quiet yet striking exploration of the way inequality and injustice often serve as the bedrock of systems of power' M. J. Kuhn, author of *Among Thieves*
