ORIENTALISM

WESTERN CONCEPTIONS OF THE ORIENT

Penguin UK 'A stimulating, elegant yet pugnacious essay'—Observer In this highly acclaimed seminal work, Edward Said surveys the history and nature of Western attitudes towards the East, considering Orientalism as a powerful European ideological creation—a way for writers, philosophers and colonial administrators to deal with the 'otherness' of Eastern culture, customs and beliefs. He traces this view through the writings of Homer, Nerval and Flaubert, Disraeli and Kipling, whose imaginative depictions have greatly contributed to the West's romantic and exotic picture of the Orient. In the Afterword, Said examines the effect of continuing Western imperialism.

A THEMATIC COMMENTARY ON THE QUR'AN

International Institute of Islamic Thought (IIIT) In a multi-faith world, Islam is widely regarded as dogmatic and exclusivist. Yet in the Qur'an we have a great and worthy example of how to live in diversity, of powerful scriptural tenets that lend themselves precisely to engagement with those of other faiths. As such Islam has much to add to the debate on Religious Pluralism. For Muslims the issue is a delicate one. Aside from being tolerant and respectful of other faiths, advocating freedom of faith, and peaceful coexistence for all humanity, Muslims have to intellectually engage on

matters of religious truth whilst defending the validity of their own Islamic tenets. This study is focused on the Qur'anic text. It explores the Qur'anic conception of normative religious pluralism with a view to providing answers to questions such as whether the Qur'an itself regards normative religious pluralism as a value system or simply a method through which the Qur'anic world view can be actualized. In doing so the author corrects some highly controversial misquoted, mistranslated, and/or quoted out of context verses of the Qur'an, including the so-called verse of the sword and the perception of not taking non-Muslims as friends. In reality, the Qur'an calls for freedom of faith and peaceful coexistence, but condemns oppression, religious persecution, and those who initiate hostilities. In this way it not only invokes human dignity, but restores it when it is violated.

LIFE, SCIENCE, AND ART

BEING LEAVES FROM ERNEST HELLO

Createspace Independent Publishing Platform **From the INTRODUCTION. NEAR** the grave of the poet Brizeux, in the cemetery of the Breton town of Lorient, is a great stone cross bearing the simple inscription: ERNEST HELLO. Anyone passing

that way some twenty years ago might have found on the grave, not only flowers, but a little stocking, a child's shoe the grateful and touching ex-voto of some simple peasant who felt convinced that he whose prayers, affection, and money, had ever been at the service of the poor during his life, still cared for them, and thought of them, and prayed for them, in the silent world beyond. Nothing endures like love; and the memory of the scholar and man of genius, who was also so good a friend, lingered long about Keroman and Lorient. Ernest Hello was born at Lorient in 1828. His father was a magistrate Life, Science, and Art of high standing, a just and upright man, greatly respected in the neighborhood. His mother, a clever, handsome, proud woman, possessing much nobility of character, was almost too careful of her delicate little son, and it seems probable that her excessive precautions did but aggravate his weak health. Ernest's childhood was passed on the old family estate of Keroman, near Lorient. Beyond the wooded farms, where the peasants spoke Breton, lay the desolate landes and the grey sea. He loved these solitudes as a boy, and in manhood he returned to them to spend the best years of his life in strenuous literary work. Hello was educated first at Rennes, then at the Lycee Louis le Grand, Paris. He studied for the Bar, but threw up his profession because his fellow-barristers decided in conference that it was quite permissible to defend an unjust cause. He could not, he felt, bear to be connected with a body of men, the majority of whom held such an opinion. Long ago, as a mere child of four, Hello's uncompromising love of truth had manifested itself. He used to dress himself up in the most fantastic guise and play at being a tiger, crawling round the room on all fours and roaring horribly, while his mother fled from him in pretended alarm. When, however, he one day attempted by the same means to frighten away some rather dilatory callers, he was singularly un successful. Instead of flying from the wild beast, the visitors were amused, and began to pet and caress him. "So, mother," said the child, when they were gone, "you were never really frightened at all ! But how could you deceive me a little boy like me ?" Never, said Mme. Hello, did she forget the reproach in her child's voice....

THE SRI LANKAN ECONOMY

CHARTING A NEW COURSE

Asian Development Bank This is a pivotal period in Sri Lanka's economic development. The end of conflict opens a door for accelerated economic growth and poverty reduction. Reform is needed to regain momentum because fiscal imbalances and rising public debt could jeopardize macroeconomic stability. The economy would benefit from significant trade and commercial policy reform. The labor market suffers from sluggish growth of formal sector employment and from skills mismatches, which can be addressed by changes in education policy and systems. The book analyzes these and related critical constraints on the Sri Lankan economy, and proposes a set of policy reforms that would lay the foundations for more rapid and inclusive development.

A ROOM OF ONE'S OWN

Renard Press Ltd **In October 1928 Virginia Woolf was asked to deliver speeches at Newnham and Girton Colleges on the subject of 'Women and Fiction'; she spoke about her conviction that 'a woman must have money and a room of her own if she is to write fiction'. The following year, the two speeches were published as A Room of One's Own, and became one of the foremost feminist texts. Knitted into a polished argument are several threads of great importance - women and learning, writing and poverty - which helped to establish much of feminist thought on the importance of education and money for women's independence. In the same breath, Woolf brushes aside critics and sends out a call for solidarity and independence - a call which sent ripples well into the next century. 'Brilliant interweaving of personal experience, imaginative musing and political clarity' — Kate Mosse, The Guardian 'Probably the most influential piece of non-fictional writing by a woman in this century.' — Hermione Lee, The Financial Times**

OXFORD RUSSIAN MINIDICIONARY

THE STATE AND PEASANT POLITICS IN SRI LANKA

Cambridge University Press **Dr Moore's enterprising book focuses on an apparent paradox: the failure of Sri Lanka's highly politicized smallholder electorate to place on the national political agenda issues relating to the public distribution of material resources. Sri Lanka has more than fifty years' history of pluralist democracy and such issues directly affect the interests of the smallholder population. Yet successive Sri Lankan governments have pursued economic policies favouring food consumers and the state itself at the expense of agricultural producers. In exploring the features of Sri Lanka's history, geography, politics and economy which explain this paradox, the author looks in detail at some of the dominant features of contemporary Sri Lanka: the political consequences of the plantation experience; the persistence of elite political leadership; and the causes and consequences of ethnic conflict.**
