Entrepreneurial Opportunity The Right Place at the Right Time *Routledge* Successfully starting a new business venture depends upon more than having a brilliant idea, getting funding, and getting the product or service to market. Entrepreneurs must also learn to read the market and understand the environments in which they must operate. Entrepreneurial Opportunity places the emphasis on reading and making the most of things that may be beyond the entrepreneur's control, from defaulting contractors to the opening and closing of business niches. It also considers previously under-considered options, such as "the political entrepreneur." This long overdue text provides a far more realistic view of entrepreneurial opportunity and the importance of the business environment. Yet despite its realist stance, the book is decidedly optimistic, showing readers how markets evolve over time and present opportunities through that evolution. As Clydesdale states, "it's not always fair out there," but this book captures the excitement of the market and its role in delivering opportunities. Drawing on a broad range of academic research, Entrepreneurial Opportunity is written in a manner that is accessible for students and practitioners, with examples and mini-cases from a variety of industries, including high technology, hospitality, and motion pictures. Palm Beach Chic *Vendome Press* Palm Beach interiors have long reflected the travels, pendants, and whimsies of the towns worldly inhabitants. But as real estate on this tiny barrier island becomes increasingly valuable, residents are calling upon world-class designers to help fine-tune their visions, giving rise to a fresh tropical design vernacular. Fashion designer Josie Natori, for instance, asked architect Calvin Tsao to transform a standard two-bedroom apartment into an airy retreat with rattan furniture and ethnic accessories that are perfectly suited to Palm Beaches subtropical setting and pay tribute to her Asian heritage. These homes aren't slavish copies of interior design magazines or decorators dictates but testaments to what can be achieved when inspired by the natural beauty of a unique locale and when imagination is one's only limitation. Tropical Chic: Palm Beach at Home captures the enduring charm of newly restored seaside fantasies by Mizner, Fatio and Volk, celebrated for their Cuban coquina courtyards and soaring miradors overlooking tiled pools and arching fountains. Jennifer Ash Rudick, a long-time Palm Beach resident, leads an insiders tour of twenty-five houses, cottages, Moorish casbahs, artists compounds, and Mad Menera vintage condos. Jessica Klewicki, a Palm Beach-based photographer, captures extraordinary gardens, verandas, lakeside pavilions, a rustic ranch, and simple pastel Bermudan houses sheltered by dense thickets of Norfolk pines and age-old banyans. It is this eclectic mix of old and new, of Spanish and Caribbean, of contemporary design and sun-faded WASP thrift, that makes Palm Beach chic. Baranowitz Kronenberg Architecture The Practice This monograph documents the holistic nature of the design philosophy established by Tel Aviv-based architects Irene Kronenberg and Alon Baranowitz, where space, form and materials are expressly employed to enhance human experience and social interaction. Incorporating culture, time and place in the design process is fundamental to their approach. In this book, the architects offer a personal analysis of the thinking behind seven of their projects, illustrated by extensive plans, models and photos. Included are the Tel Aviv restaurants Jaffa Tel Aviv and Deca, the Israel Museum shop, Amsterdam's Palace Hotel and Sir Albert Hotel and Izakaya, and Villa Pi. How They Decorated Inspiration from Great Women of the Twentieth Century *Rizzoli Publications* How They Decorated illustrates some of the great rooms of the twentieth century, whose stylish residents influence our tastes today. Gloria Vanderbilt cleverly noted, "Decorating is autobiography." Reflecting that truism, the interiors in this book capture the individual approaches of these icons of style: Bunny Mellon's spare all-American elegance; Hélène Rochas's refined sophistication; Vanessa Bell's colorful bohemianism; Mona von Bismarck's breezy opulence; and Georgia O'Keeffe's earthy chic. Author P. Gaye Tapp analyzes each of her subjects' refined way of living, how she embellished her residences (or left them elegantly stark), and the long-lasting effects on today's generation of designers and connoisseurs of beauty. The book is presented in four sections that describe the aesthetic approaches that the ladies took in decorating their abodes: "The Fashionably Chic", "The Unconventional Eye", "In the Grand Manner", and "Legacy Style". Each interior illustrates the crucial aspect of the lady's definitive taste. Some worked closely with decorating legends such as John Fowler, Albert Hadley, Billy Baldwin, Syrie Maugham, and Jean-Michel Frank. Others took to the task of decorating single-handedly—like Pauline Trigère, Sybil Connolly, Vita Sackville-West, and Fleur Cowles. The interiors of these trendsetting ladies defied their time and inspire and delight to this day. In How They Decorated, one can learn from the most notable style muses of the last century. French Country Cottage *Gibbs Smith* A romantic interpretation of French country style in a California cottage. With beautiful photography and a tale about a little forgotten house that could, Courtney shares the story of her renovation of a 1940s cottage in the California countryside. An abandoned vacation house, set in the center of rolling fields and trees becomes the cottage home of her dreams . . . a French country style cottage filled with original elements and an exquisite mix of rustic and refined. The years of renovation allowed

Courtney to create a lifestyle that is fueled by inspiration and beauty, a touch of whimsy, and an abundance of everyday elegance. The journey has been shared on her popular blog French Country Cottage, and now, through the publication of her first book, her readers will experience a reveal of more of her home and property and the inspirations behind her beloved style. Courtney's inspiring photography reveals every nuance of her style and home including a muted color palette, old brassy door knobs, chippy paint, antiques, her greenhouse and garden, and an abundance of entertaining and holiday decorating style. Blurring the lines between indoor and outdoors and embracing well worn as well loved, French Country Cottage is a style that celebrates simplicity, indulges in romance, cherishes pieces with history and believes a chandelier and fresh flowers belong in every room. A freelance photographer and author of the blog French Country Cottage, Courtney also works as an editor, brand ambassador and designer. She has a floral collection with Balsam Hill and with several licensed collections launching in 2018 and 2019, Courtney's product lines will join her long list of creative accomplishments. Some spaces are grand, others are modest, but all are original, stylish, charming, and above all authentic, in the sense that they reflect their owners' cares and tastes. As the readers of his column in Architectural Digest know, Flores-Vianna is as gifted a writer as he is an observant photographer. Here, Flores-Vianna's work is introduced by Amy Astley, editor of Architectural Digest and a longtime friend. *Maison Parisian Chic at Home Rizzoli Publications* A duo of high-profile tastemakers invite readers inside fifteen homes that are infused with the blend of vintage and contemporary style that is the essence of Parisian chic. Style icon Ines de la Fressange and globe-trotting artist Marin Montagut share a uniquely Parisian sensibility for interiors that combine a variety of design traditions into a harmonious living space. With extensive photographs, watercolor illustrations, mood boards, color palettes, and practical advice on the indispensable objects that personalize each maison, this exquisite volume is rich in inspiration for creating Parisian chic at home. Natural materials—wood, wicker, bamboo, cotton, and linen—create warmth and personality. Vintage suitcases, vegetable crates, and jewel-toned pharmaceutical jars transform into charming storage containers. Embroidered cushions, terrariums, and fresh flowers enliven a room with pops of color. Collages, original art, or humble objects displayed in a series add a signature style to each residence. The authors take readers inside fifteen Parisian apartments—including their own—that demonstrate how to imbue a home with a sense of well-being through a mix of vintage and contemporary styles. Each owner is passionate about home decor—whether in a studio, loft, or duplex—and they continually evolve their interior with new treasures uncovered in flea markets, on their travels, at design fairs, or in artisanal workshops. James Huniford: At Home *The Monacelli Press, LLC* An in-depth look at the design process of James Huniford, who is renowned for his skill in juxtaposing opposites--contemporary with traditional, rustic with refined--to create a timeless whole. James Huniford, universally known as Ford, explores his design process thematically, with chapters on approaching a room, considering scale and proportion, selecting materials and art, using color effectively, and marrying form and function. His goal is to create "a modern sensibility of calm." Of special interest is his ability to create artworks out of found objects, compositions of tools, baskets, or metalwork that become compelling wall sculptures or freestanding pieces. Examples are drawn from a rich variety of projects--elegant Upper East Side apartments to raw lofts on the Lower East Side to contemporary condominiums in new "supertall" towers in Manhattan, country houses in Connecticut, Upstate New York, and Martha's Vineyard, and across the country in Nashville and Marin Country, California. Special insight into his process can be gleaned from his own homes, a loft in Tribeca and a historic house in Bridgehampton that he readily admits are laboratories for his ideas. The Great American House Tradition for the Way We Live Now *Rizzoli Publications* Acclaimed architect Gil Schafer illustrates how he blends classical architecture, interior decoration, and landscape to create homes with a feeling of history. As a traditional architect, Gil Schafer specializes in building new "old" houses as well as renovating historic homes. His work takes the best of American historic and classical architecture—its detailed moldings and harmonious proportions—and updates it, retaining its character and detail while simultaneously reworking it to be more in tune with the way we live now—comfortable, practical, family-oriented. In his first book, Schafer covers the three essential cornerstones of creating a great traditional house: architecture, landscape, and decoration. He discusses the important interplay between the interior architecture and the fabrics, furniture, and wall treatments. In-depth profiles build on these essays, including Schafer's own new "old" house in the Hudson Valley; the renovation of a historic home in Nashville designed by Charles Platt in 1915; and the restoration of a magnificent 1843 Greek Revival mansion in Charleston. Filled with hundreds of interior and detail shots, *The Great American House* is an invaluable resource for anyone who loves old houses and traditional design. *Architecture Inspirations Daab Pub* Contemporary residential architecture is a clear reflection of social and economic change. Leaving aside the familiar terraced homes found on so many housing estates, this architectural field is producing novel, innovative designs showing technical advances in construction technology applied to single family homes. This book offers a selection of family residences from all over the world, original, personalised constructions which reflect their owners' requisities and preferences. In today's home, anything is possible. The residences reviewed in this volume show how a very wide range of materials can be used to adapt constructions to their surroundings, and not vice-versa. It portrays original solutions and novel techniques for blending architecture with its entourage or conversely creating a powerful visual and aesthetic contrast. Each of the homes in 'Architecture Inspirations' are projects where exterior and interior design carry equal weight. This book aims to present the latest trends in residential architecture and interior design, propose a variety of styles, and serve as a source of inspiration to readers. On about 720 pages 75 houses will be presented in chapters where projects are grouped by geographical location as city and suburban, village, country, mountain or waterfront to allow a maximum clarity and so that readers may identify instantly with the works illustrated. *Spa Design Daab Pub* *Architectural Digest at 100 A Century of Style Abrams* A 100-year visual history of the magazine, showcasing the work of top interior designers and architects, and the personal spaces of numerous celebrities. *Architectural Digest at 100* celebrates the best from the pages of the international design authority.
