Children's Technology Review Spanish for Children Primer a Imagine having an energetic and passionate Spanish teacher walk right into your home and sit down to teach your students. That can virtually happen when children learn with Spanish for Children author Julia Kraut on the corresponding DVD and Chant CD set. Pronunciation will become a breeze and don't be surprised to hear even your youngest children picking up the catchy chants and songs. Each lesson (average length 15 minutes), corresponds to the weekly chapter in the Primer, and features Julia and her students chanting their weekly grammar charts and vocabulary, with visual images of the words. Following the vocabulary lesson, Julia Kraut carefully and thoroughly explains Spanish grammar, with the goal of teaching students to create their own sentences, and express exactly what they need to say, rather than simply mimicking common phrases. The Psychosocial Implications of Disney Movies *MDPI* In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward. Under cover as a factory manager, Anderson combs Bangkok's street markets in search of foodstuffs thought to be extinct, hoping to reap the bounty of history's lost calories. There, he encounters Emiko... Emiko is the Windup Girl, a strange and beautiful creature. One of the New People, Emiko is not human; instead, she is an engineered being, creche-grown and programmed to satisfy the decadent whims of a Kyoto businessman, but now abandoned to the streets of Bangkok. Regarded as soulless beings by some, devils by others, New People are slaves, soldiers, and toys of the rich in a chilling near future in which calorie companies rule the world, the oil age has passed, and the side effects of bio-engineered plagues run rampant across the globe. What happens when calories become currency? What happens when bio-terrorism becomes a tool for corporate profits, when bio-terrorism's genetic drift forces mankind to the cusp of post-human evolution? **Official Guide to Costa Rican Spanish English and Spanish Edition Latin for Children, Primer C** **The Latin for Children Primer C** is the third and final text in the LFC series. Grammar training continues, and students are encouraged to do more reading in Latin by following along with a running story through the text. Each workbook text is engaging, incremental, creative. Exercises, tests, and a sizable and useful reference section are also included. Lessons include a plethora of mnemonic aids (songs, chants) that enable students to learn vocabulary and grammar with ease and delight. **Marketing for Sustainable Tourism** *MDPI* The aim of the Special Issue is to discuss the main current topics concerning marketing for sustainable tourism with reference to territories (i.e., tourism destinations, protected areas, parks and/or natural sites, UNESCO World Heritage Sites, rural regions/areas, etc.) and tourism enterprises and/or organisations (i.e., destination management organisations, hospitality enterprises, restaurant enterprises, cableway companies, travel agencies, etc.). In destinations where natural resources are pull factors for tourism development, the relationships among local actors (public, private, and local community), as well as marketing choices, are essential to develop sustainable tourism products. To this end, the Special Issue encourages papers that analyse marketing strategies adopted by tourism destinations and/or tourism enterprises to avoid overtourism, to manage mass sustainable tourism (as defined by Weaver, 2000), and to encourage and promote sustainable tourism in marginal areas or in territories suffering lack of integration in the tourism offer. Special attention will be given to contributions on the best practices to manage territories and/or enterprises adopting sustainable marketing strategies. **Time: Almanac 2005** *Time Almanac* A guide to worldwide statistics includes facts on science, politics, and consumer affairs, sports coverage, travel information, weather data, and facts concerning a wide range of additional subjects. **Halloween Kills: The Official Movie Novelization** *Titan Books* The official novelization of the highly anticipated sequel to 2018's Halloween, starring Jamie Lee Curtis.
