### Trauma-Proofing Your Kids

## A Parents' Guide for Instilling Confidence, Joy and Resilience

*North Atlantic Books* Now in 15 languages. Understand the different types of upsets and traumas your child may experience—and learn how to teach them how to be resilient, confident, and even joyful. The number of anxious, depressed, hyperactive and withdrawn children is staggering—and still growing! Millions have experienced bullying, violence (real or in the media), abuse or sexual molestation. Many other kids have been traumatized from more “ordinary” ordeals such as terrifying medical procedures, accidents, loss and divorce. Trauma-Proofing Your Kids sends a lifeline to parents who wonder how they can help their worried and troubled children now. It offers simple but powerful tools to keep children safe from danger and to help them “bounce back” after feeling scared and overwhelmed. No longer will kids have to be passive prey to predators or the innocent victims of life’s circumstances. In addition to arming parents with priceless protective strategies, best-selling authors Dr. Peter A. Levine and Maggie Kline offer an antidote to trauma and a recipe for creating resilient kids no matter what misfortune has besieged them. Trauma-Proofing Your Kids is a treasure trove of simple-to-follow “stress-busting,” boundary-setting, sensory/motor-awareness activities that counteract trauma’s effect on a child’s body, mind and spirit. Including a chapter on how to navigate the inevitable difficulties that arise during the various ages and stages of development, this ground-breaking book simplifies an often mystifying and complex subject, empowering parents to raise truly confident and joyful kids despite stressful and turbulent times.

## The Modern Parent's Guide to Kids and Video Games

*Lulu.com* Nearly 40 years after their invention and a decade after exploding onto the mainstream, video games still remain a mystery to many parents, including which titles are appropriate, and their potential side-effects on kids. Now the answers are at your fingertips. Offering unrivaled insight and practical, real-world strategies for making gaming a positive part of family life, The Modern Parent's Guide to Kids and Video Games provides a vital resource for today's parent. From picking the right software to promoting online safety, setting limits and enforcing house rules, it offers indispensable hints, tips and how-to guides for fostering healthy play and development. Includes: Complete Guides to PC, Console, Mobile, Online & Social Games - Using Parental Controls and Game Ratings - Picking the Right Games - The Latest on Violence, Addiction, Online Safety - Setting Rules & Time Limits - Best Games for All Ages - Essential Tools & Resources. "An essential guide for parents." Jon Swartz, USA Today

## The Confident Parent's Guide to Raising a Happy, Healthy & Successful Child

What if every-day parenting could be a joyous gift, sprinkled with a generous dose of love and laughter? In this book, you will be guided confidently through the U URSELF Routine, which has proven to be successful with countless parents and children over the past sixteen years. Your child is a gift, it's time to enjoy the present!

## Working Parents' Guide

## Bond 11+: The Parents' Guide to the 11+

*Oxford University Press - Children* Bond is the number 1 provider of 11+ practice, helping millions of children pass selective entrance exams. The Bond Parents' Guide to the 11+ is the essential manual for all parents whose children are about to embark on their 11+ journey. Written by an experienced 11+ tutor, it offers a practical 4-step approach to guide you through the entire process.

## Between

## A guide for parents of eight to thirteen-year-olds

*Hachette UK* 'Full of practical parenting advice that will give you the tools to guide your child through this time' Daily Express Raising a tween can often leave you feeling like a parenting beginner all over again. Children in the 'between' stage seem to change almost daily, leaving many parents struggling to understand the child they once thought they knew so well. In Between, parenting expert and mother of four Sarah Ockwell-Smith uses a unique blend of the biology, psychology and sociology of adolescence as the basis for practical parenting advice that you can use to help your child through the transition from childhood to adulthood. It explores key issues, including: \*Why tweens can often be moody, rude, lazy and impulsive - and how to cope with their behaviour \*What exactly happens during puberty - and when and how to talk to your tween about it \*How to navigate friendships and romantic relationships in the tween years \*How to encourage good mental health and body image \*Managing screen time and avoiding common pitfalls \*Supporting the transition to secondary school Between also offers advice on coping with your own feelings as your child moves through this busy developmental period, and how to let go and give them wings to fly. The tween years can be a difficult period for parent and child alike, but your openness and support is key to building the relationship that you will have with your child for the rest of their life. Between is the handbook that will guide you across the bridge from childhood into adolescence, together with your child.

## A Parent's Guide to Raising Grieving Children

## Rebuilding Your Family After the Death of a Loved One

*Oxford University Press, USA* When children lose someone they love, life is never the same. In this sympathetic book, the authors advocate an open, honest approach, suggesting that our instinctive desire to "protect" children from the reality of death may be more harmful than helpful.

## Kids Don't Come with a Manual

## Bullying

## A Parent's Guide

*Need-2-Know* Offers parents the tools to identify whether their child is being bullied, explains why children are bullied and how parents can prevent it from happening. This book provides methods on how to help the bullied child boost their self-esteem. It also explores the different forms of bullying that exist.

## Trauma-Proofing Your Kids

## A Parents' Guide for Instilling Confidence, Joy and Resilience

*North Atlantic Books* Learn the different types of upsets and traumas your child may experience—and how to teach them to be resilient, confident, and joyful in the face of anxiety The number of anxious, depressed, hyperactive and withdrawn children is staggering—and still growing! Millions have experienced bullying, violence (real or in the media), abuse or sexual molestation. Many other kids have been traumatized from more “ordinary” ordeals such as terrifying medical procedures, accidents, loss and divorce. ## Changing the Game

### The Parent's Guide to Raising Happy, High Performing Athletes, and Giving Youth Sports Back to Our Kids

*Morgan James Publishing* The modern day youth sports environment has taken the enjoyment out of athletics for our children. Currently, 70% of kids drop out of organized sports by the age of 13, which has given rise to a generation of overweight, unhealthy young adults. There is a solution. John O'Sullivan shares the secrets of the coaches and parents who have not only raised elite athletes, but have done so by creating an environment that promotes positive core values and teaches life lessons instead of focusing on wins and losses, scholarships, and professional aspirations. Changing the Game gives adults a new paradigm and a game plan for raising happy, high performing children, and provides a national call to action to return youth sports to our kids.

### The Everything Parents' Guide to ADHD in Children

*Simon and Schuster* A roadmap to a common--but complicated--disorder. Is there a cure for ADHD? What symptoms should you be looking for? Could your child be misdiagnosed? When your child is diagnosed with ADHD, you want to do all you can to get the help you need to support your child. Unfortunately, the vast amount of information on ADHD can be overwhelming and leave you feeling frustrated, stressed, and powerless to help. But with the professional, accessible advice presented here, you can get the one-stop support you need to: Obtain and understand a diagnosis Find the right treatment Discipline your child effectively Get your child to focus at home and school Stay positive, and encourage your child This guide provides an all-encompassing look at ADHD so that you can feel confident about taking the necessary steps to create a better future for your child.

## Kid Confidence

By approaching potty training with a proven program, first-time tips and tricks, the right tools, and a confident mindset, you can cross dirty diapers off your endless to-do list and celebrate your child's transition to the toilet. Here's everything you need to know to get your child out of diapers once and for all! The First-Time Parent's Guide to Potty Training features: • An easy, step-by-step, 3-day program for ditching diapers, including nap and nighttime training, day care strategies, and on-the-go potty training • Troubleshooting advice for accidents, backsliding, temper tantrums, and more • Guidance for your child if they're anxious, willful, or simply reluctant You can potty train your child, and this book will guide you and cheer you on every step of the way.

## Super Healthy Kids

### A Parent's Guide to Maharishi Ayurveda

### The Everything Parent's Guide to Children with Executive Functioning Disorder

### Strategies to help your child achieve the time-management skills, focus, and organization needed to succeed in school and life

*Everything* The vital skills children need to achieve their full potential! Being organized. Staying focused. Controlling impulses and emotions. These are some of the basic executive functioning (EF) skills children need to function and succeed as they grow. But what can you do if your child is struggling with one or all of these skills? With this hands-on guide, you'll learn what EF difficulties look like and how you can help your child overcome these challenges. Psychologist Rebecca Branstetter teaches you how to help improve the executive functions, including: Task initiation Response inhibition Focus Time management Working memory Flexibility Self-regulation Completing tasks Organization With checklists to help enforce skills and improve organization, The Everything Parent's Guide to Children with Executive Functioning Disorder is your step-by-step handbook for helping your child concentrate, learn, and thrive!

## A Parent's Guide to Gifted Children

*Great Potential Press, Inc.* Raising a gifted child is both a joy and a challenge, yet parents of gifted children have few resources for reliable parenting information. The four authors, who have decades of professional experience with gifted children and their families, provide practical guidance in areas such as: Characteristics of gifted children, Peer relations, Sibling issues, Motivation and underachievement, Discipline Issues, Intensity, perfectionism, and stress, Idealism, unhappiness, and depression, Educational planning, Parenting concerns, Finding professional help. Book jacket.

## Gifted Children

## A Guide for Parents and Professionals

*Jessica Kingsley Publishers* Gifted Children is a lively and informative exploration of the mystery of the gifted mind and the social and emotional needs of gifted children and their families. The authors give an insight into what is 'normal' for gifted children, acknowledge the difficulties they experience, and offer pointers for parents on how to support them.

## Talking to Your Kids About Sex

## From Toddlers to Preteens

*Nomad Press* This commonsense, practical guide to talking to children about sex provides ways to launch conversations following some of the most common kid comments and questions: What's That Thing? I'm Going to Marry Mommy, Sex Is When You Kiss, I Don't Want to Talk About It. From teaching toddlers about body parts to important discussions with adolescents, this resource encourages parents to understand what children of particular ages and developmental levels are ready to know, what they should know, and how to tell them. Real-life questions and answers encourage parents to prepare for their talks and make discussions easier. Moreover, ideas for discussing this sensitive subject with a sense of humor help take away some of the awkwardness—for both children and parents.

## Kid Confidence

## Help Your Child Make Friends, Build Resilience, and Develop Real Self-Esteem

*New Harbinger Publications* "A wise and realistic program for instilling genuine self-esteem in children." —Kirkus Reviews, starred review Help your child cultivate real, lasting confidence! In *Kid Confidence*, a licensed clinical psychologist and parenting expert offers practical, evidence-based parenting strategies to help kids foster satisfying relationships, develop competence, and make choices that fit who they are and want to become. As parents, it's heartbreaking to hear children say negative things about themselves. But as children grow older and begin thinking about the world in more complex ways, they also become more self-critical. Alarming, studies show that self-esteem, for many children, takes a sharp drop starting around age eight, and this decline continues into the early teen years. So, how can you turn the tide on this upsetting trend and help your child build genuine self-esteem? With this guide, you'll learn that self-esteem isn't about telling kids they're "special." It's about helping them embrace the freedom that comes with a quiet ego—a way of being in the world that isn't preoccupied with self-judgment, and instead embraces a compassionate view of oneself and others that allows for both present awareness and personal growth. When kids are less focused on evaluating and comparing themselves with others, they are freer to empathize with others, embrace learning, and connect with the values that are bigger than themselves. You'll also discover how your child's fundamental needs for connection, competence, and choice are essential for real self-esteem. Connection involves building meaningful and satisfying relationships that create a sense of belonging. Competence means building tangible skills. And choice is about being able to make decisions, figure out what matters, and choose to act in ways that are consistent with personal values. When children are able to fulfill these three basic needs, the question of "Am I good enough?" is less likely to come up. If your child is suffering from low self-esteem, you need a nuanced parenting approach. Let this book guide you as you help your child create unshakeable confidence and lasting well-being.

## A Parent's Guide to Raising Kids Overseas

*Createspace Independent Publishing Platform* A Parent's Guide To Raising Kids Overseas should be required reading for every parent who lives abroad... Let this book be your constant guide for action and solutions. Yes, it really is that good!"-Andrew Hallam, Author, Millionaire Teacher and The Global Expatriate's Guide To Investing Being an effective parent isn't about being perfect; it's about being intentional. Parenting is tough enough in your own backyard, so when an opportunity leads you and your family abroad, it seems like parenting takes on a whole new dimension. Dr. Jeff Devens, psychologist, counselor and twenty-two-year veteran educator in the international school community, skillfully addresses many of the issues parents face today in the context of living in an international setting and raising "third-culture kids." A must-have resource for parents, counselors, educators for: Learning strategies for guiding children toward greater responsibility and independence, even in situations where one parent may frequently be away from home due to work or deployment. Comprehending the allurements of technology for youth, especially social media, and providing boundaries with its use. Addressing issues of anxiety, attention, emotional regulation and related mental health issues common in international communities. Appreciating the differences between intelligence and life balance when it comes to kids making and owning age-appropriate choices. Recognizing the underlying reasons why teens use alcohol, why it's prevalent in host countries, and what parents, schools, counselors and liaison officers can do to help teens delay use. Helping kids and parents avoid the comparison trap in hyper-competitive academic schools and cultural settings. Understanding why parental values and beliefs matter more than ever when it comes to raising kids overseas.

## Late, Lost and Unprepared

## A Parents' Guide to Helping Children with Executive Functioning

The groundbreaking, nationally recognized Next Chapter Book Club (NCBC) provides rewarding learning and social opportunities for hundreds of people with intellectual disabilities. This new guide shows you how to use the innovative NCBC model to set up a successful book club where members read aloud together, improve literacy or read for the first time, and make lasting friendships as they discuss books every week at their local coffee shop or bookstore. Developed in 2002 by Tom Fish and his colleagues at The Ohio State University Nisonger Center, the NCBC program now boasts more than 100 clubs. The authors share their experience, providing the practical, nuts and bolts steps you need to take to get a book club up and running. Clubs include five to eight members all ages and literacy levels are welcome -- and discussion is facilitated by two trained volunteers. Much like other book clubs, NCBC members choose how they want to structure their club and which books they want to read. This book covers all aspects of sponsoring, organizing and implementing a book club in any community. Facilitators get title suggestions, learn how to manage their group, use strategies to initiate or improve reading skills, and encourage social interaction. NCBC also provides ongoing training and support to facilitators. A handy CR-rom included in the book provides several dozen key forms and templates, such as Member and Facilitator Intake Forms; End-of Book Survey, and Scale of Literary Skills. The enrichment of the NCBC experience continues to exceed the expectations of everyone involved; no club has every disbanded! In addition to improving their reading skills and making friends, participants become connected to their community because they go regularly to a social meeting place where all kinds of people gather. Don't wait to set-up a book club in your neighborhood The Next Chapter Book Club tells you how. Its easy and fun. Teachers, parents, social service providers and prospective members will want a copy.

## Raising Critical Thinkers

## A Parent's Guide to Growing Wise Kids in the Digital Age

*Penguin* A guide for parents to help children of all ages process the onslaught of unfiltered information in the digital age. Education is not solely about acquiring information and skills across subject areas, but also about understanding how and why we believe what we do. At a time when online media has created a virtual firehose of information and opinions, parents and teachers worry how students will interpret what they read and see. Amid the noise, it has become increasingly important to examine different perspectives with both curiosity and discernment. But how do parents teach these skills to their children? Drawing on more than twenty years' experience homeschooling and developing curricula, Julie Bogart offers practical tools to help children at every stage of development to grow in their ability to explore the world around them, examine how their loyalties and biases affect their beliefs, and generate fresh insight rather than simply recycling what they've been taught. Full of accessible stories and activities for children of all ages, *Raising Critical Thinkers* helps parents to nurture passionate learners with thoughtful minds and empathetic hearts.

## At Home with Dyslexia

## A Parent's Guide to Supporting Your Child

*Hachette UK* Recommended by Toe by Toe 'This is by far the best resource I have found as the parent of two dyslexic children. Out of all the documentaries, websites, seminars, podcasts and of course other books I have studied trying to educate myself on how best to support my little ladies, this provides the most relevant and necessary information in the clearest format. It has been great sharing snippets of the book with the girls, especially the view points of other people with dyslexia. Thank you for a great book!' - Amazon review This book will empower parents by giving them the tools and strategies to deal with dyslexia, making them confident and knowledgeable in the process. It offers: - a guidebook that is visually appealing, including bullet points, illustrations and short chapters, making it an easy to follow reference book for the busy (and often dyslexic) parent; - practical and emotional support at home from primary to secondary school years, as well as how to deal with school and the education system; - chapters that can be dipped into for useful day to day advice and tools to help at home, and for overall encouragement and reassurance; - parents and children sharing their personal

experiences and advice in their personal accounts - the challenges of dyslexia, possible solutions and successes are openly discussed and woven throughout the chapters, giving the guide an authentic voice. Central to this guide is language of acceptance and celebration, emphasising a learning 'difference' rather than a 'disability', and a genuine encouragement of dyslexic abilities and strengths.

## The Parent's Guide to Self-Harm

### What every parent needs to know

*Lion Books* The first book on self-harm written for parents by parents. Are you concerned that your child may be self-harming? Are you wondering what to do for the best? Do you need more information and help? If so, this is the book for you. An ever-increasing number of young people are turning to self-harm in order to cope with the pressures of modern living, and this poses a huge problem for parents and others who care for them. This book provides the answers you need to questions such as: - How do I know for sure whether my child is self-harming? - How should I approach my child? - What help and treatment is available to us? - What can I do to help my child? - How have other parents coped? Full of the real-life experiences of other parents who have been there, this is a practical book that will both inform and equip you to help your child and yourself through this difficult time.

## The Defiant Child

### A Parent's Guide to Oppositional Defiant Disorder

*Rowman & Littlefield* The perfect book to help you give your oppositional-defiant child the help he or she needs.

## The Everything Parent's Guide To Children With Juvenile Diabetes

### Reassuring Advice for Managing Symptoms and Raising a Happy, Healthy Child

*Simon and Schuster* A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

## Parents' Guide to Marijuana

*High Times* Responsible parents know that marijuana isn't appropriate for teens, but they also shouldn't lie when they explain why. After hours of drug education that contradicts what they've seen with their own eyes, teens are understandably wary of negative opinions about the plant. Parents who rely on similar disinformation often find it costs them credibility and respect. With this guide, parents learn how to have healthy, honest discussions with their teen while forging a stronger relationship. It shows parents how to dispute widespread propaganda about pot and establish themselves as reliable authorities so they can fit relevant, casual chats into everyday interactions and never have to lecture or plead. Then, with their reputations and integrity intact, they can explain how frequent use of marijuana causes problems. Even parents who experimented, or who continue to experiment, can use these innovative strategies to explain their rational objections to teenage marijuana use.

## Misbehavior is Growth

### An Observant Parent's Guide to Three Year Olds

What is going on with three year olds is so much more than meets the eye. This book series, *Misbehavior is Growth*, documents the age-related stages that children go through. These are times when children fall apart, becoming demanding, clingy, whiny, or aggressive. But on other side of this "stage" is an astonishing new skill set. Their brain was going through an "upgrade." This book offers the popular summaries, as for three year olds, as seen at *The Observant Mom*. In addition, it offers, for each milestone, detailed analysis, conflict resolution ideas, and ways to nurture the growth. So much grows mentally in children aged three: their ability to get around new places; their ability to categorize, use, and compare large amounts of data. What is most important, though, as argued, is core personality integration. Three year olds develop a conscious idea of who they are as a person, making this one of the most sensitive times of their entire development. And in all this, their wild imaginations, the famous monsters they see in their closet, may play a bigger role than we truly know. This research overwhelmingly proves what so many have tried to say: children are more like flowers that unfold than clay to mold. There is a biologically determined apparatus that does the lion's share of mental growth. We couldn't stop it if we tried! Let's get this otherwise unstoppable wave that is their development. The idea behind *Misbehavior is Growth* is that these age-related behaviors are an instinctual call from children to adults so that adults come to them at developmentally critical times. Thus, don't "ignore" the stages. Lean into them as the investment opportunity they are! It's not misbehavior: it's growth!

## A Parent's Guide to Manners for Kids

### Lessons, Games, and Activities for Home, School, and Beyond

*Rockridge Press* Manners and etiquette for the modern age--a parent's manual for teaching their kids Getting a compliment about your well-mannered child is one of the best feelings you can have as a parent--but it doesn't come easy. Teaching manners to young children can be tough. Let the fun lessons, games, and activities inside *A Parent's Guide to Manners for Kids* help make learning proper etiquette a pleasure instead of a chore. You'll first understand the best ways to teach manners, and why they make happy children into successful adults. Then, dive into chapters that address all the situations where manners matter most--from the "magic words" to everyday scenarios like getting on an elevator or going out to eat. Look forward to watching your child flourish with excellent communication skills--and get prepared for even more compliments and invitations. Inside *A Parent's Guide to Manners for Kids*, you'll find: But why?--A section at the end of each chapter helps answer some of the most common questions your young ones might ask. All levels of nice--There are easy, moderate, and challenging activities to help teach children of any age or skill level. Netiquette--Rules for navigating the complex and ever-changing world of technology, social media, and online manners. Find out how fun and rewarding it can be to teach manners and etiquette in an engaging way.

## Bilingual Success Stories Around the World

### Parents Raising Multilingual Kids Share Their Experiences and Encouragement

*Bilingual Success Stories Around the World* is a real-life roadmap to greater success and joy for any parent raising bilingual or multilingual children. Written by Adam Beck, author of the popular guide *Maximize Your Child's Bilingual Ability*.

## Oppositional Defiant Disorder

### The Ultimate Parents Guide To Children & Adolescents With ODD Behaviours

Has your child been diagnosed with oppositional defiant disorder (ODD)? Does your child exhibit frequent temper tantrums? Does your child have trouble forming friendships and performing well in school? If you answered yes to any of those questions, then this book is your resource for understanding and treating ODD! Here are a few other topics you will discover in this book: Preventative measures you can employ Helpful activities to help your child regulate their own behaviour Teaching strategies for your child's school to employ The other conditions that frequently co-occur with ODD How ODD manifests in adults You'll learn what to do to document the behaviours you see in your child, what triggers their outbursts, and how to seek help to get a diagnosis and implement an effective treatment plan. Your child can conquer ODD and go on to live a happy, normal life. Don't waste another minute, get a better understanding of ODD today so your child can get help tomorrow!

## A Parent's Guide to Divorce

### How to Raise Happy, Resilient Kids Through Turbulent Times

*Althea Press* From creating a parenting plan to navigating the post-divorce world, this child-centered reference teaches parents what to say and do to guide their children--toddlers to young adults--through a divorce, offering proactive solutions to make the child a priority as readers successfully transition to co-parenting.

## A Parent's Guide to Managing Childhood Grief

## 100 Activities for Coping, Comforting, & Overcoming Sadness, Fear, & Loss

*Simon and Schuster* Help your child navigate feelings of sadness and loss with 100 unique, activity-based approaches that help them manage their childhood grief in a healthy and constructive way. The loss of a loved one is a complex, confusing experience for a child to understand. Children may struggle to express, process, and manage their complicated and conflicting feelings, whether the loss is a parent, grandparent, sibling, or even a pet. So, what should you do to help your child process their sadness, loss, and frustration in a more healthy, positive way? In *A Parent's Guide to Managing Grief*, you'll learn everything you need to know about how children grieve and what you can do to support them during their most difficult moments. From there, you'll find 100 activities that you can use in a group setting, activities that you (or another caregiver) can do alone with your child, and ways to make the most of virtual interactions to support a grieving child. Explore activities like: -Making a scream box -Playing with clay -Feelings charades game -Making a memory bracelet -And many more! It can feel difficult to connect with your child as you process your own complicated emotions surrounding loss. Use these activities to help bridge the gap between you and your child and to help you both find comfort in a difficult situation. You'll find all the tools you need to help your child (and even yourself) healthily process your grief and move towards happiness, understanding, and acceptance together.

## We Were Liars

### Hardback gift edition

*Hot Key Books* A New York Times Bestseller. A beautiful and distinguished family. A private island. A brilliant, damaged girl; a passionate, political boy. A group of four friends—the Liars—whose friendship turns destructive. A revolution. An accident. A secret. Lies upon lies. True love. The truth. *We Were Liars* is a modern, sophisticated suspense novel from New York Times bestselling author, National Book Award finalist, and Printz Award honoree E. Lockhart. Read it. And if anyone asks you how it ends, just LIE.

## Letting Go, Sixth Edition

## A Parents' Guide to Understanding the College Years

*William Morrow Paperbacks*

## Getting to 30

## A Parent's Guide to the 20-Something Years

*Workman Publishing* "This is the book parents have been waiting for"—Michael Thompson, coauthor of *Raising Cain*. The book that is "helpful, hopeful, and engaging"—Jeanne Brooks-Gunn, Ph.D., Columbia University. It is the book that addresses the new reality for parents of kids in their 20s and the issues that everyone in the media is talking about: When will this new generation of 20-somethings leave home, find love, start a career, settle down—grow up? And it's the book that will soothe your nerves. It's loaded with information about what to expect and guidance on what to do when problems arise (as they probably will). In other words, this is the book parents need—*Getting to 30*, by Jeffrey Jensen Arnett, the world's leading authority on the post-adolescent phase he named emerging adulthood, and Elizabeth Fishel, author of *Sisters* and other books. As *Getting to 30* shows, the road to adulthood is longer than we think—and, for parents, bumpier. It explains what's really happening to your 18- to 29-year-old, including the story behind your child's moods. The phenomenon of the boomerang child—and why it's actually a good thing, for parents and kids. The new landscape of 20-something romance. And it gives all the tools parents need to deal with the challenges, from six ways to listen more than you talk, to knowing when to open (and close) the Bank of Mom and Dad while saving for retirement, to figuring out the protocol for social media. Published in hardcover as *When Will My Grown-Up Kid Grow Up?*, *Getting to 30* includes the latest research on the optimistic and supportive attitude most parents have regarding their 20-something children.
