REFLECTIONS ON THE COMMEMORATION OF THE FIRST WORLD WAR

PERSPECTIVES FROM THE FORMER BRITISH EMPIRE

Routledge The First World War's centenary generated a mass of commemorative activity worldwide. Officially and unofficially; individually, collectively and commercially; locally, nationally and internationally, efforts were made to respond to the legacies of this vast conflict. This book explores some of these responses from areas previously tied to the British Empire, including Australia, Britain, Canada, India and New Zealand.

Showcasing insights from historians of commemoration and heritage professionals it provides revealing insider and outsider perspectives of the centenary. How far did commemoration become celebration, and how merited were such responses? To what extent did the centenary serve wider social and political functions? Was it a time for new knowledge and understanding of the events of a century ago, for recovery of lost or marginalised voices, or for confirming existing clichés? And what can be learned from the experience of this centenary that might inform the approach to future commemorative activities? The contributors to this book grapple with these questions, coming to different answers and demonstrating the connections and disconnections between those involved in building public knowledge of the ‘war to end all wars’.

KOMODO DRAGONS

BIOLOGY AND CONSERVATION

Smithsonian Institution More than twenty years have passed since Walter Auffenberg's monumental *The Behavioral Ecology of the Komodo Monitor*. In the intervening years the populations of Komodo dragons—native only to a handful of islands in southeast Indonesia—have dwindled, sparking intensive conservation efforts. During the last two decades new information about these formidable predators has emerged, and the most important findings are clearly presented here. A memoir from Walter Auffenberg and his son Kurt is followed by the latest information on Komodo dragon biology, ecology, population distribution, and behavior. The second part of the book is dedicated to step-by-step management and conservation techniques, both for wild and captive dragons. This successful model is a useful template for the conservation of other endangered species as well, for, as Kurt and Walter Auffenberg note, “The species may well indeed survive in the wild for generations to come while countless other organisms are lost.”

A HOUSE TO REMEMBER

10 RILLINGTON PLACE

Mereo Books, mereobook, mereobooks What happened at 10 Rillington Place was so shocking and gruesome that even today everyone over a certain age still remembers the case with a shudder. In 1950, Timothy Evans was hanged for the violent murder of his baby daughter; he was also assumed to have murdered his wife. Then, less than three years later, another tenant, John Christie, was found to have killed at least six women, hiding their bodies in the garden, under floorboards and in a concealed kitchen alcove. Christie followed Evans to the gallows. It seemed unlikely that two murderers were living at 10 Rillington Place, and the evidence that emerged in the Christie case eventually led to Evans receiving a pardon. But there was also circumstantial evidence that Evans had indeed killed his wife and child. Crime student Edna Gammon firmly believes that Evans was guilty. In A House To Remember, she explains why.

HUMAN RIGHTS AND WORLD TRADE

HUNGER IN INTERNATIONAL SOCIETY

Routledge A new and incisive analysis of the political viability of human rights, with an in-depth investigation of its largest violation: world hunger. Gonzalez-Pelaez develops John Vincent's theory of basic human rights within the context of the international political economy and demonstrates how the right to food has become an international norm enshrined within international law. She then assesses the international normative and practical dimensions of hunger in connection with international trade and poverty. Using the society of states as the framework of analysis, she explores the potential that the current system has to correct its own anomalies, and examines the measures that can move the hunger agenda forward in order to break through its current stagnation.

Swedroe and Kizer evaluate each investment in terms of: Expected returns Volatility Distribution of returns Diversification potential Fees Trading and operating expenses Liquidity Tax efficiency Account location Role in an asset-allocation program Any investor who is considering or just curious about investment opportunities outside the traditional world of stocks, bonds, and bank certificates of deposit would be well-advised to read this book.

NORTHERN EUROPE IN THE COLD WAR, 1965-1990

EAST-WEST INTERACTIONS OF TRADE, CULTURE, AND SECURITY

SHOAH AND TORAH

Routledge Shoah and Torah systematically takes up the task of reading the Shoah through the lens of the Torah and the Torah through the lens of the Shoah. The investigation rests upon (1) the metaphysical standing that the Nazis ascribed to the Torah, (2) the obliteration of the Torah in the extermination of the Jews, (3) the significance of the Torah for an understanding of the Shoah, and (4) the significance of the Shoah for an understanding of the Torah. The basis for the inquiry lies not in the content of a certain belief but in the categories of a certain mode of thought. Distinct from all other studies, this book is grounded in the categories of Jewish thought and Judaism—the categories of creation, revelation, and redemption—that the Nazis sought to obliterate in the Shoah. Thus, the investigation is itself a response to the Nazi project of the extermination of the Jews and the millennial testimony of the Jews to the Torah.

HARRY HARAMBEE'S KENYAN SUNDOWNER

A NOVEL

LaPuerta Books and Media Winner of 5 Book Awards in Literary Fiction Intrigue on the white sands of the Indian Ocean. From the award-winning author of Clifford's Spiral. A lonely widower from Los Angeles buys a tour package to East Africa on the promise of hookups and parties. What he finds instead are new reasons to live. Aldo Barbieri, a slick Italian tour operator, convinces Harry to join a group of adventuresome "voluntourists." In a resort town on the Indian Ocean, Harry doesn't find the promised excitement with local ladies. But in the supermarket he meets Esther Mwemba, a demure widow who works as a bookkeeper. The attraction is strong and mutual, but Harry gets worried when he finds out that Esther and Aldo have a history. They introduce him to Victor Skebelsky, rumored to be the meanest man in town. Skebelsky has a plan to convert his grand colonial home and residential compound into a rehab center - as a tax dodge. The scheme calls for Harry to head up the charity. He could live like a wealthy diplomat and it won't cost him a shilling! Harry has to come to terms with questions at the heart of his character: Is corruption a fact of life everywhere? Is all love transactional? Harry Harambee's Kenyan Sundowner is an emotional story of expat intrigue in Africa, reminiscent of The Heart of the Matter by Graham Greene and The Constant Gardener by John le Carré.

PRINCE2 FOUNDATION TRAINING MANUAL

Thank you for reading our PRINCE2 Foundation Training Manual. The main objective of this book is to provide an easy-to-read and easy-to-understand PRINCE2(R) Foundation training manual. The official PRINCE2 manual,

"Managing Successful Projects with PRINCE2," is an excellent reference manual, but it is not a training manual and should not be used as one, as it is very difficult to comprehend and understand if you are new to project management. The official PRINCE2 manual also covers the complete Practitioner Syllabus, and it's impossible to know which parts are just focused on the PRINCE2 Foundation syllabus, so you have to read everything, which is not good if you are just studying for the foundation exam. Henceforth, this book is meant to be (and is) an easy introduction to PRINCE2 based on the Foundation syllabus, and it's quickly becoming the most read book for people wishing to learn about PRINCE2 and prepare for the foundation exam.

VOICES OF HOPE

ADOLESCENT GIRLS AT SINGLE SEX AND COEDUCATIONAL SCHOOLS

Peter Lang Pub Incorporated Fueled by media reports of gender bias in the schools, the debate over single sex education has been recently renewed. "Voices of Hope" asks for a reconsideration of the framing of that debate. For whom is single sex education better? For the attainment of which goals? What do girls gain by being schooled with male peers? What is lost? In this longitudinal study of more than fifty high school girls at four New England independent schools, Carole B. Shmurak follows their development from ninth grade through the first year of college. Case studies capture the girls' own voices as they describe their hopes for their futures and the events that subsequently affect those futures.
