From these beginnings, the Moscow and Gorky models emerged, and later the Chinese-derived types made with Russian aid during the late 1950s. Covering all of these models, up to the last one produced in 2003, and featuring full specifications translated from the relevant primary sources in Russian and Chinese literature, this is a meticulous and unique account of a previously neglected subject. **Manual técnico de carretillas elevadoras** *MARGE BOOKS* Este manual se dirige a los profesionales relacionados con la utilización de las carretillas elevadoras.
