## Creating Great Visitor Experiences

### A Guide for Museums, Parks, Zoos, Gardens & Libraries

Routledge Museum and other non-profit professionals have begun to realize that the complete visitor experience is the key to repeat attendance, successful fundraising, and building audience loyalty. Taking lessons learned by successful experience-shapers in the for-profit world, Stephanie Weaver distills this knowledge for museums and other organizations which depend on visitor satisfaction for success. Is your institution welcoming? Are the bathrooms clean? Does the staff communicate well? Are there enough places to sit? These practical matters may mean more to creating a loyal following than any exhibit or program the institution develops. Weaver breaks the visitor experience down to 8 steps and provides practical guidance to museums and related institutions on how to create optimal visitor experiences for each of them. In a workshop-like format, she uses multiple examples, exercises, and resource links to walk the reader through the process.

### Vault Guide to the Top Manufacturing Employers

Vault Inc. Terrorists, drug traffickers, mafia members, and corrupt corporate executives have one thing in common: most are conspirators subject to federal prosecution. Federal conspiracy laws rest on the belief that criminal schemes are equally or more reprehensible than are the substantive offenses to which they are devoted. The essence of conspiracy is an agreement of two or more persons to engage in some form of prohibited misconduct. The crime is complete upon agreement, although some statutes require prosecutors to show that at least one of the conspirators has taken some concrete steps or committed some overt act in furtherance of the scheme. There are dozens of federal conspiracy statutes. This book examines conspiratorial crimes and related federal criminal law with a focus on the federal Racketeer Influenced and Corrupt Organization (RICO) provision of the Organized Crime Control Act of 1970; money laundering and the 18 U.S.C. 1956 statute; mail and wire fraud; and an overview of federal criminal law.
