Our Patchwork Nation

The Surprising Truth About the "Real" America

Penguin A revolutionary new way to understand America's complex cultural and political landscape, with proof that local communities have a major impact on the nation's behavior-in the voting booth and beyond. In a climate of culture wars and tremendous economic uncertainty, the media have often reduced America to a simplistic schism between red states and blue states. In response to that oversimplification, journalist Dante Chinni teamed up with political geographer James Gimpel to launch the Patchwork Nation project, using on-the-ground reporting and statistical analysis to get past generalizations and probe American communities in depth. The result is *Our Patchwork Nation*, a refreshing, sometimes startling, look at how America's diversities often defy conventional wisdom. Looking at the data, they recognized that the country breaks into twelve distinct types of communities, and old categories like "soccer mom" and "working class" don't matter as much as we think. Instead, by examining Boom Towns, Evangelical Epicenters, Military Bastions, Service Worker Centers, Campus and Careers, Immigration Nation, Minority Central, Tractor Community, Mormon Outposts, Emptying Nests, Industrial Metropolises, and Monied Burbs, the authors demonstrate the subtle distinctions in how Americans vote, invest, shop, and otherwise behave, reflect what they experience on their local streets and in their daily lives. *Our Patchwork Nation* is a brilliant new way to debate and examine the issues that matter most to our communities, and to our nation.

The Burden of History Colonialism and the Frontier Myth in a Rural Canadian Community

UBC Press This book is an ethnography of the cultural politics of Native/non-Native relations in a small interior BC city -- Williams Lake -- at the height of land claims conflicts and tensions. Furniss analyses contemporary colonial relations in settler societies, arguing that 'ordinary' rural Euro-Canadians exercise power in maintaining the subordination of aboriginal people through 'common sense' assumptions and assertions about history, society, and identity, and that these cultural activities are forces in an ongoing, contemporary system of colonial domination. She traces the main features of the regional Euro-Canadian culture and shows how this cultural complex is thematically integrated through the idea of the frontier. Key facets of this frontier complex are expressed in diverse settings: casual conversations among Euro-Canadians; popular histories; museum displays; political discourse; public debates about aboriginal land claims; and ritual celebrations of the city's heritage.
