**The Third Reich and the Palestine Question Transaction Publishers** *In order to ensure its racial, ideological, and strategic interests, the Hitler regime actively supported the status quo in Palestine and the Middle East during the interwar period. This included the perpetuation of British imperial power in Palestine, the Jewish National Home (not an independent Jewish state) promised by the Balfour Declaration, and the rejection of Arab self-determination and independence. The Third Reich and the Palestine Question is the first comprehensive study of German Palestine policy during the 1930s. Francis R. Nicosia places that policy within the context of historical German interests and aims in Palestine, the Middle East, and Europe from the Wilhelminian era through the Weimar period and the Third Reich. He also provides insight into the broader foreign policy aims and calculations of the Nazi regime throughout the Arab Middle East before World War II. In a new introduction, Nicosia places his ground-breaking research in its proper historical perspective. He reviews some of the recent literature on the history of Nazi Germany and the Holocaust. He also discusses some of the archival materials that have recently become available in the former German Democratic Republic and Soviet Union. "Nicosia has written the definitive study of this fascinating epoch in the histories of the participants. It is a masterful examination of every interwoven thread in the complicated tapestry of Nazi Germany's relations with the Middle East, as well as with Great Britain and the Zionist movement."--Arnold Krammer, American Historical Review "The tight structure of the book, lucid narrative, and exhaustive use of relevant sources lend this book a definitive character."--Martin Kramer, Middle Eastern Studies "A masterly piece of scholarship, Nicosia's historical study defines the aims and purposes of Nazi foreign policy toward Palestine in the thirties A valuable addition to an often neglected area of Holocaust studies."--Dimensions, A Journal of Holocaust Studies Francis R. Nicosia is professor of history at St. Michael's College in Colchester, Vermont. **The Third Reich and the Palestine question The Third Reich and the Palestine***

**Question Routledge** *In order to ensure its racial, ideological, and strategic interests, the Hitler regime actively supported the status quo in Palestine and the Middle East during the interwar period. This included the perpetuation of British imperial power in Palestine, the Jewish National Home (not an independent Jewish state) promised by the Balfour Declaration, and the rejection of Arab self-determination and independence.* *The Third Reich and the Palestine Question* is the first comprehensive study of German Palestine policy during the 1930s. Francis R. Nicosia places that policy within the context of historical German interests and aims in Palestine, the Middle East, and Europe from the Wilhelminian era through the Weimar period and the Third Reich. He also provides insight into the broader foreign policy aims and calculations of the Nazi regime throughout the Arab Middle East before World War II. In a new introduction, Nicosia places his ground-breaking research in its proper historical perspective. He reviews some of the recent literature on the history of Nazi Germany and the Holocaust. He also discusses some of the archival materials that have recently become available in the former German Democratic Republic and Soviet Union. **Zionism and Anti-Semitism in Nazi Germany Cambridge University Press** *This is a study of the ideological and political relationship between Zionism and anti-Semitism in modern Germany, from the nineteenth century through the Third Reich, focusing on the years between 1933 and 1942. It considers three contentious issues in post-Holocaust historiography and debate: the nature of modern German anti-Semitism; the decision-making process leading to the Nazi mass murder of the Jews of Europe; and the nature and role of German Zionism in German-Jewish history before the Holocaust. This study sheds more light on both the ideological and practical assault of German anti-Semitism and Nazi Jewish policy on the Jews of Central Europe, as well as the ideological and political response of some German Jews, the Zionists, to that assault. It concludes that the attitudes and policies of German anti-Semitism and National Socialism toward Zionism reflect a relatively consistent ideology that was applied in an inconsistent and contradictory manner.* **Nazism, the Holocaust, and the Middle East Arab and Turkish Responses Berghahn Books** *Given their geographical separation from Europe, ethno-religious and cultural diversity, and subordinate status within the Nazi racial hierarchy, Middle Eastern societies were both hospitable as well as hostile to National Socialist ideology during the 1930s and 1940s. By focusing on Arab and Turkish reactions to German anti-Semitism and the persecution and mass-murder of European Jews during this period, this expansive collection surveys the institutional and popular reception of Nazism in the Middle East and North Africa. It provides nuanced and scholarly yet accessible case studies of the ways in which nationalism, Islam, anti-Semitism, and colonialism intertwined, all while sensitive to the region's political, cultural, and religious complexities.* **Jewish Life in Nazi Germany Dilemmas and Responses Berghahn Books** *German Jews faced harsh dilemmas in their responses to Nazi persecution, partly a result of Nazi cruelty and brutality but also a result of an understanding of their history and rightful place in Germany. This volume addresses the impact of the anti-Jewish policies of Hitler's regime on Jewish family life, Jewish women, and the existence of Jewish organizations and institutions and considers some of the Jewish responses to Nazi anti-Semitism and persecution. This volume offers scholars, students, and interested readers a highly accessible but focused introduction*

to Jewish life under National Socialism, the often painful dilemmas that it produced, and the varied Jewish responses to those dilemmas. **Business and Industry in Nazi Germany Berghahn Books** During the past decade, the role of Germany's economic elites under Hitler has once again moved into the limelight of historical research and public debate. This volume offers a brief but focused introduction to the role of German businesses and industries in the crimes of Hitler's Third Reich. **The Arts in Nazi Germany Continuity, Conformity, Change Berghahn Books** "Culture and the arts played a central role in the ideology and propaganda of National Socialism from the early years of the movement until the last months of the Third Reich in 1945 ... This volume's essays explore these and other aspects of the arts and cultural life under National Socialism ..."--Cover. **Medicine and Medical Ethics in Nazi Germany Origins, Practices, Legacies Berghahn Books** The participation of German physicians in medical experiments on innocent people and mass murder is one of the most disturbing aspects of the Nazi era and the Holocaust. Six distinguished historians working in this field are addressing the critical issues raised by these murderous experiments, such as the place of the Holocaust in the larger context of eugenic and racial research, the motivation and roles of the German medical establishment, and the impact and legacy of the eugenics movements and Nazi medical practice on physicians and medicine since World War II. Based on the authors' original scholarship, these essays offer an excellent and very accessible introduction to an important and controversial subject. They are also particularly relevant in light of current controversies over the nature and application of research in human genetics and biotechnology. **The Third Reich and the Palestine Question Routledge** In order to ensure its racial, ideological, and strategic interests, the Hitler regime actively supported the status quo in Palestine and the Middle East during the interwar period. This included the perpetuation of British imperial power in Palestine, the Jewish National Home (not an independent Jewish state) promised by the Balfour Declaration, and the rejection of Arab self-determination and independence. *The Third Reich and the Palestine Question* is the first comprehensive study of German Palestine policy during the 1930s. Francis R. Nicosia places that policy within the context of historical German interests and aims in Palestine, the Middle East, and Europe from the Wilhelminian era through the Weimar period and the Third Reich. He also provides insight into the broader foreign policy aims and calculations of the Nazi regime throughout the Arab Middle East before World War II. In a new introduction, Nicosia places his ground-breaking research in its proper historical perspective. He reviews some of the recent literature on the history of Nazi Germany and the Holocaust. He also discusses some of the archival materials that have recently become available in the former German Democratic Republic and Soviet Union. **Problems of World War II and Its Aftermath: The Palestine question, Problems of postwar Europe The Palestine Question and International Law The Holocaust The Third Reich and the Jews Routledge** Fully revised and updated, this second edition includes: · A much expanded selection of original documents, many never before anthologised in English · Added treatment of the role of non-Germans in the Holocaust and the geographical variations in Jewish response · Additional consideration of the much-debated nexus between the Holocaust and modernity · A new section on how 'the Holocaust' developed as a distinct historical topic · Useful

and informative Chronology, Who's Who and Glossary David Engel's book is a taut, compact narration that appeals to the intellect as much, if not more, than to the emotions. It is sure to be welcomed by students in departments of History, Politics and European Studies as well as by anyone trying to get to grips with this complex and far-reaching subject for the first time. **The Third Reich and the Arab East Routledge** This book, first published in English in 1966, is a comprehensive guide to, and analysis of, the Third Reich's policy towards the Arab world. Based on German archive material, the records of the Nuremburg trials, published collections of American, British, French, German and Italian documents, and on European and Arabian diaries and memoirs, it provides an essential reading of the history of the region at a key point in time. **The Jewish Legion and the Palestine Question What Ifs of Jewish History From Abraham to Zionism Cambridge University Press** What if the Exodus had never happened? What if the Jews of Spain had not been expelled in 1492? What if Eastern European Jews had never been confined to the Russian Pale of Settlement? What if Adolf Hitler had been assassinated in 1939? What if a Jewish state had been established in Uganda instead of Palestine? Gavriel D. Rosenfeld's pioneering anthology examines how these and other counterfactual questions would have affected the course of Jewish history. Featuring essays by sixteen distinguished scholars in the field of Jewish Studies, *What Ifs of Jewish History* is the first volume to systematically apply counterfactual reasoning to the Jewish past. Written in a variety of narrative styles, ranging from the analytical to the literary, the essays cover three thousand years of dramatic events and invite readers to indulge their imaginations and explore how the course of Jewish history might have been different. **The Transfer Agreement The Untold Story of the Secret Agreement Between the Third Reich and Jewish Palestine Dialog Press** Documents the 1933 pact between the Third Reich and German Jewish leaders which promised an end to the Jewish-led boycott of German goods and anti-Nazi protest in exchange for permission for sixty thousand Jews to emigrate to Palestine **Island Refuge Britain and Refugees from the Third Reich 1933 - 1939** The acrimonious debate over the British policy toward refugees from the Nazi regime has scarcely died down even now, some forty years later. bitter charges of indifference and lack of feeling are still leveled at politicians and civil servants, and the assertion made that Great Britain's record on refugee matters is shabby and unworthy of her liberal traditions. It has now become possible to investigate the truth of these charges and to analyse the reaction in Britain to refugees from the Third Reich throughout the eventful years preceding the outbreak of war. Based on Government and private papers only recently released for public scrutiny, this book is the first authoritative study of the British response to a refugee crisis which posed many highly emotional and contentious issues in both domestic and foreign policy, and proved an acute irritant in Anglo-American relations. There were no simple answers, no obvious or rapid solutions in a world which frequently seemed to have no room for refugees and but scant sympathy for their plight. Harassed by conflicting pressures from home and abroad, all too aware that greater generosity to refugees from Nazism might well inspire imitative mass expulsions from Eastern Europe, Whitehall officials struggled to maintain an older British tradition of political asylum while still avoiding, at a time of massive unemployment, a sudden large-scale influx of aliens. Initial caution, insensitivity and

confusion gave way after the Anschluss to a greater awareness of the critical need, and ultimately to a large-scale modification, under the sheer pressure of refugee numbers, of policies which had virtually hardened into constitutional doctrine. Britain's record concerning refugees from the Third Reich was a mixed one. Far less welcoming at first than a number of countries, but ultimately more generous than many, including the United States, Britain did grant asylum to a significantly large number of refugees in the crowded months before the outbreak of hostilities. The reasons for the dramatic turnabout in British refugee policy emerge clearly from this dispassionate and carefully documented study. *Inland Refuge* sheds definite light on a largely unexplored and still highly controversial episode in twentieth-century history. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1973.

**Perspectives on the Holocaust Springer Science & Business Media** The number of books and articles dealing with various aspects of World War II has increased at a phenomenal rate since the end of the hostilities. Perhaps no other chapter in this bloodiest of all wars has received as much attention as the Holocaust. The Nazis' program for the "Final Solution of the Jewish Question" - this ideologically conceived, diabolical plan for the physical liquidation of European Jewry - has emerged as a subject of agonizing and intense interest to laypersons and scholars alike. The centrality of the Holocaust in the study of the Third Reich and the Nazi phenomenon is almost universally recognized. The source materials for many of the books published during the immediate postwar period were the notes and diaries kept by many camp and ghetto dwellers, who were sustained during their unbelievable ordeal by the unusual drive to bear witness. These were supplemented after the liberation by a large number of personal narratives collected from survivors all over Europe. Understandably, the books published shortly after the war ended were mainly martyrological and lachrymological, reflecting the trauma of the Holocaust at the personal, individual level. These were soon followed by a considerable number of books dealing with the moral and religious questions revolving around the role of the lay and spiritual leaders of the doomed Jewish communities, especially those involved in the Jewish Councils, as well as God's responsibility toward the "chosen people."

**The Transfer Agreement The Dramatic Zionist Rescue of Jews from the Third Reich to Jewish Palestine Dialog Press** *The Transfer Agreement* is Edwin Black's compelling, award-winning story of a negotiated arrangement in 1933 between Zionist organizations and the Nazis to transfer some 50,000 Jews, and \$100 million of their assets, to Jewish Palestine in exchange for stopping the worldwide Jewish-led boycott threatening to topple the Hitler regime in its first year. 25th Anniversary Edition.

**The Nazi Holocaust Its History and Meaning Bloomsbury Publishing** *The Nazi Holocaust* is one of the most momentous events in human history. Yet, it remains on many levels a baffling and unfathomable mystery. By shunning simplistic 'explanations' Ronnie Landau has set out, in a clear, thought-provoking and enlightened fashion, to mediate between this vast, often unapproachable subject and the reader who wrestles with its meaning. Locating the Holocaust within a number of different

contexts - Jewish history, German history, genocide in the modern age, the larger story of human bigotry and the triumph of ideology over conscience - Landau penetrates to the very heart of its moral and historical significance. Deeply concerned lest the Holocaust, as a 'unique' phenomenon, be cordoned off from the rest of human history and ghettoized within the highly charged realm of 'Jewish experience', he is at pains to show that transmitting understanding of the Holocaust is about connecting with all humanity. Intended both for the general reader and for students and academics (especially in history, psychology, literature and the humanities), this work is an important breakthrough in the struggle to perpetuate the memory of a tragedy which the world is all too ready to forget.

**Island Refuge Britain and Refugees from the Third Reich, 1933-1939 Elektrohas Nazi Germany And The Jews: The Years Of Persecution 1933-1939 Hachette UK** A magisterial history of the Jews in Nazi Germany and the regime's policies towards them in the years prior to World War II and the Holocaust. Written by arguably the world's leading scholar on the subject. Himself a survivor, Friedlander has been a leading figure in Holocaust studies for decades and this book represents a definitive summing up of his research and that of hundreds of other historians. **NAZI GERMANY AND THE JEWS: THE YEARS OF PERSECUTION** is perhaps the richest examination of the subject yet written, and, crucially, one that never loses sight of the experiences of individuals in its discussion of Nazi politics and the terrible statistics and technological and administrative sophistication of the Final Solution. **Zionist Relations with Nazi Germany The Jews and New Zealand Nazi Palestine The Plans for the Extermination of the Jews in Palestine Enigma Books** Well documented factual account of a planned genocide. **The Jewish Press in the Third Reich Bloomsbury USA Academic** Throws light on an important aspect of Jewish life in the Third Reich - the Jewish press - the 65 newspapers and magazines published by the 53 publishing houses with a specific German-Jewish readership in mind. These publications appeared until the end of 1938, and provide an insight into the situation of the German Jews under the Nazi regime. **Those Who Forget the Past The Question of Anti-Semitism Random House Trade Paperbacks** Presents a series of essays on the rise of new forms of anti-Semitism, with an analysis of how the current political situation in Europe, Israel and the Middle East is contributing to this rise. **The Passion of Max Von Oppenheim Archaeology and Intrigue in the Middle East from Wilhelm II to Hitler Open Book Publishers** Born into a prominent German Jewish banking family, Baron Max von Oppenheim (1860-1946) was a keen amateur archaeologist and ethnologist. His discovery and excavation of Tell Halaf in Syria marked an important contribution to knowledge of the ancient Middle East, while his massive study of the Bedouins is still consulted by scholars today. He was also an ardent German patriot, eager to support his country's pursuit of its "place in the sun." Excluded by his part-Jewish ancestry from the regular diplomatic service, Oppenheim earned a reputation as "the Kaiser's spy" because of his intriguing against the British in Cairo, as well as his plan, at the start of the First World War, to incite Muslims under British, French and Russian rule to a jihad against the colonial powers. After 1933, despite being half-Jewish according to the Nuremberg Laws, Oppenheim was not persecuted by the Nazis. In fact, he placed his knowledge of the Middle East and his connections with Muslim leaders at the service of the regime. Ranging widely over

many fields - from war studies to archaeology and banking history - 'The Passion of Max von Oppenheim' tells the gripping and at times unsettling story of one part-Jewish man's passion for his country in the face of persistent and, in his later years, genocidal anti-Semitism. **Canada and the Birth of Israel A Study in Canadian Foreign Policy University of Toronto Press** Canadian Zionists of the 1930s were anxious to involve their government in the Palestine question. The pressure they brought to bear was fuelled by a new urgency when British policy in Palestine denied entry to Jewish refugees from the Nazi terror. Today there is a widely held impression that the Canadian government responded quickly and sympathetically to that pressure. Jews and Arabs alike, each for their own purposes, have created the image of a Canada friendly to Zionism, and of Canadian policy directed by such pro-Zionists as Lester Pearson. But as David Bercuson demonstrates, the truth is far more complex. In fact, Zionist efforts to involve Canada in the Palestine question met with considerable resistance from Ottawa, even when Canada was elected to membership on the United Nations Special Committee on Palestine in 1947. The partition of Palestine was eventually supported by Canada, but begrudgingly. Ottawa viewed partition as the 'least lousy' solution to a problem that was acutely sensitive both diplomatically and politically. Hardly the champions of Zionism that it has generally been considered, Canada is revealed in Bercuson's study as having established a middle east policy, not on moral or ideological grounds, but on the basis of the politicians' view of its own national interests. **The Jewish Press and the Holocaust, 1939-1945 Palestine, Britain, the United States, and the Soviet Union Cambridge University Press** This book represents comprehensive research into the world's Jewish press during the Second World War and explores its stance in the face of annihilation of the Jewish people by the Nazi regime in Europe. The research is based on the major Jewish newspapers that were published in four countries - Palestine, Britain, the United States and the Soviet Union - and in three languages - Hebrew, Yiddish and English. The Jewish press frequently described the situation of the Jewish people in occupied countries. It urged the Jewish leaders and institutions to act in rescue of their brethren. It protested vigorously against the refusal of the democratic leadership to recognize that the Jewish plight was unique because of the Nazi intention to annihilate Jews as a people. Yosef Gorny argues that the Jewish press was the persistent open national voice fighting on behalf of the Jewish people suffering and perishing under Nazi occupation. **Aliza, my love eBook Partnership** Baron Otto Von Buren, a member of the Nazi Party, undertakes a journey to Palestine in 1933 to witness the progress being made there by the Zionist movement. One of his fellow-travellers is Aliza, who is both beautiful... and Jewish. Aliza, My Love is a highly original, provocative, compelling and dramatic love story, in which the relationship between the Baron and Aliza has fateful, life-changing consequences for them both in the dying days of the Third Reich. Later, on the streets of Prague, with the German garrison engaged in desperate hand-to-hand fighting with Czech partisans, this remarkable novel reaches its heartfelt climax. **Causes and Consequences of the Arab-Israeli Conflict Evans Brothers** This title examines the bitter conflict that has raged since 1948 when the state of Israel was created between the Arabs and the Israelis. The complexities of the Palestinian question are examined in a clear and non-partisan fashion. The author looks at the wide-ranging

consequences of the conflict, from the plight of refugees to the intensification of the Cold War, and at the more recent peace initiatives and the on-going quest for a solution to the violence. **Hitler and the Holocaust Hachette UK** A superb short historical analysis of the Holocaust, by one of the world's leading authorities on the subject Robert Wistrich begins by exploring the origins of anti-Semitism in Europe, and especially in Germany, to try to explain how millions of Jews came to be killed systematically by the Third Reich. In the process of relating these events, he provides new and incisive answers to a number of central questions concerning the Shoah that have emerged over recent years: who, inside and outside Nazi Germany, knew that Jews were being murdered; how responsibility for the genocide should be divided between Hitler himself and ordinary Germans; and how historians have tried to make sense of the Holocaust. The book concludes by considering the legacy of Nazi crimes since 1945: the Nuremberg trials, the impact of the Holocaust on Diaspora Jewry (particularly in Israel and America), and the rise of neo-Nazism and Holocaust-denial. **Between Fear & Hope Jewish Youth in the Third Reich Columbia University Press** Describes the effect on young Jews of Hitler's rise to power and recounts the experiences of those who attended an agricultural emigration training farm. **Zionist Relations with Nazi Germany New World Press My Israel Question Reframing The Israel/Palestine Conflict Melbourne Univ. Publishing** Antony's Loewenstein's My Israel Question was a bestseller when first published and generated a storm of controversy, critical praise and robust public debate. Loewenstein's forensic discussion of the Israeli-Palestinian conflict continues here in a fully updated and expanded new edition, examining the prospects of the Middle East peace process in the new geo-political context. The election of Barack Obama brought hope to millions around the world and has seen renewed diplomatic efforts in the Middle East. Yet the Israel-Palestine conflict remains mired in brutality and occupation. The election of a far-right Israeli government, the indiscriminate war on Gaza and the illegal expansion of West Bank colonies suggest a bleak future for both Israelis and Palestinians. However, public debate about the issue, in the USA, United Kingdom, Europe and Australia, is suggesting alternative ways of tackling the crisis. Now, Antony Loewenstein maps the way in which the conflict is ferociously discussed and where the hope lies for resolution to the brutal impasse. **The Protocols of the Learned Elders of Zion "The Protocols of the Elders of Zion" is almost certainly fiction, but its impact was not. Originating in Russia, it landed in the English-speaking world where it caused great consternation. Much is made of German anti-semitism, but there was fertile soil for "The Protocols" across Europe and even in America, thanks to Henry Ford and others. Nazis, Islamists, and the Making of the Modern Middle East Yale University Press** A groundbreaking account of the Nazi-Islamist alliance that changed the course of World War II and influences the Arab world to this day **Reactions to the Third Reich Then and Now Harry H. Kahn Memorial Lectures (2005-2009) Center for Holocaust Studies**
