## Men on Strike

# Why Men Are Boycotting Marriage, Fatherhood, and the American Dream - and Why It Matters

*Encounter Books* American society has become anti-male. Men are sensing the backlash and are consciously and unconsciously going "on strike." They are dropping out of college, leaving the workforce and avoiding marriage and fatherhood at alarming rates. The trend is so pronounced that a number of books have been written about this "man-child" phenomenon, concluding that men have taken a vacation from responsibility simply because they can. But why should men participate in a system that seems to be increasingly stacked against them? As *Men on Strike* demonstrates, men aren't dropping out because they are stuck in arrested development. They are instead acting rationally in response to the lack of incentives society offers them to be responsible fathers, husbands and providers. In addition, men are going on strike, either consciously or unconsciously, because they do not want to be injured by the myriad of laws, attitudes and hostility against them for the crime of happening to be male in the twenty-first century. Men are starting to fight back against the backlash. *Men on Strike* explains their battle cry.

*Kings Road Publishing* Have you ever dreamt of becoming an infallible seducer of women? This book tells you everything you need to know, courtesy of the world's only major female PUA (pick-up artist), Kezia Noble! Unknown until a couple of years ago, Kezia was approached by the organisers to attend a PUA class meeting. She gave it to the other attendees straight, not caring if she offended anyone; the men took it on the chin and took her constructive criticisms on board. ## The Beta Male Revolution

### Why Many Men Have Totally Lost Interest in Marriage in Today's Society

Alan Roger Currie "The Beta Male Revolution is for men in the 21st Century what Feminism was for women in the 1960s and 1970s" says Author and Professional Dating Coach Alan Roger Currie in his latest book. Most men don't want to remain 'just friends' with women. Men want either sex only from women, or a combination of sexual companionship and non-sexual companionship. Unlike men, women have as many as FOUR types of men they want to spend time with: - Men who women only want to spend time with for sexual enjoyment and satisfaction: These are 'Total Alpha males' - Men who women only want to spend time with for a combination of sexual companionship and non-sexual companionship. These are 'Alpha males with a few Beta traits and tendencies' - Men who women want to spend time with primarily for the benefit of entertaining conversation, enjoyable social companionship, and financial assistance and support. These are 'Beta males with a few Alpha traits and tendencies' - Men who women only want to spend time with for strictly platonic friendship, flattery, and to have men provide them with an 'empathetic listening ear' when they are feeling bored, frustrated, or depressed. These are 'Total Beta males' Many women socially interact exclusively with Alpha male types between the ages of 18 and 29, and then begin looking for a nice, sweet, polite, monogamy-oriented Beta male type for marriage once they reach the age of 30. Well, the Beta male types are tired of this routine, and they are now avoiding proposing to marriage to women who they perceive as "Alpha male leftovers." Beta males are now well aware that the vast majority of women want to spend time with Alpha males for sexual enjoyment and satisfaction. They are also well aware that most women want to spend time with Beta males for platonic friendship, financial favors, and entertaining conversation. The Beta Male Revolution is a brutally honest assessment of where we as a society have been, where we are now, and where we are headed regarding the state of dating, long-term romantic relationships, marriage, and monogamy vs. promiscuity vs. polyamory. Women can also learn from this book because Currie explains just why men pursue some women for short-term non-monogamous 'casual' sex only, while they pursue other totally different women for long-term romantic relationships and marriage. Purchase this book right now and be educated and enlightened. You are guaranteed to have a better understanding of the manner in which the mind of the opposite sex works, and why men and women gravitate toward the type of romantic companions and sexual companions that they do after reading this book. This book will be talked about for years to come.

*Anna Fury Author When the Awaken Virus hit humanity, men became ravenous, uncontrollable beasts. They wrought destruction across the globe-now the humans who remain live in constant fear. Mallory As a reporter, I've seen firsthand what the Awaken virus does to people you love, turning them into mindless beasts intent on violence. That's why I'm staying safe inside my apartment. Women are getting kidnapped right off the streets in broad daylight. Rumors say there's a group of Awakened living under New York, and they're responsible for the disappearances. The old me would have sniffed out that story, but post-apocalypse Mal is too scared to go digging for clues. Life apparently has other plans for me, however-cue an Awakened showing up at my damn door. He's huge, imposing, with piercing gray eyes like a thunderstorm, and a mouth he insists he \*needs\* to put on me. He also claims they aren't all the destructive beasts I've seen on the news. I'm not sure what to believe. When the captivating "enforcer" asks me to live in his compound for two weeks and report to the rest of the world how normal the men really are, I surprise us both by accepting his strange invitation. I shouldn't have said yes, so why did I agree? My presence digs up something dark and primal in him though, and I'm terrified to find out if I'm his salvation, or complete downfall. The Alpha Awakens is the first book in the Alpha Compound series, by Anna Fury. This dystopian omegaverse romance features a snarky heroine and broken alpha finding their own HEA.*

## The Modern Alpha Male

### A Guide to Masculinity, Women, Money, Assertiveness and Success

*Independently Published From Beta to Alpha: Reclaim Your Masculinity and Become the Confident Leader of the Pack You've Always Wanted to Be. How many romantic dates, job promotions, or hidden dreams have you missed and wasted the opportunity to act on because you were afraid of failing? How many times have you watched someone achieve what you've always wanted and felt that terrible pang of jealousy and self-pity? No one is born confident, assertive, and fearless. Our levels of self-esteem are constantly changing throughout our lives. Numerous factors decide which way the scale will tip--upbringing, physical appearance, and previous experiences, to name a few. But when it comes to confidence and success, the most important, decisive factor is YOU. No one is born confident. But anyone can become confident. The term "Alpha male" has been misused so many times, people now connect it with the image of arrogant, testosterone-fueled bodybuilders. But the real Alpha men are, in reality, nothing like that. They are assertive but kind. Confident, but aware of their flaws. They project masculinity with their actions and words, not muscles. They know how to stand up for themselves without being aggressive. But most importantly, they go straight for what they want. Yes, they sometimes fail, but they stand right up, brush off, and face the next challenge with the same vigor and determination. They were not born like that. They discovered how to become like that. In The Modern Alpha Male, you'll too discover everything they already know, including: How to adopt the traits of real Alpha men and face any situation with confidence and strength Why being "the nice guy" has brought you more damage than good and hindered your confidence The power of assertiveness, and how embracing it can drastically change your romantic and professional life How to use the Law of Attraction to get what you want every time, with only the power of your mind How to reclaim your masculinity, and dominate every other man in the room with nothing but your presence Mistakes you've been unconsciously making that have been undermining your confidence How to build leadership skills and never feel like a submissive Beta again And much more. Being the Alpha male has nothing to do with physical appearance. You don't need huge biceps to get respect in a room or get the girl. Alphas succeed because they know how to succeed. They use their heads, not muscles, to claim what they want. Being an Alpha is a state of mind, and nothing is stopping you to become one yourself. ## Becoming a Barbarian

*Becoming a Barbarian is a follow-up to Donovan's cult hit, The Way of Men. Good, modern, "civilized" Western men today are expected to think like "citizens of the world" - obligated to everyone and no one. Natural, meaningful tribal connections have been substituted with synthetic, disposable consumer identities. Without a sense of who they are and what group they have a place in, modern men are becoming increasingly detached, disoriented, vulnerable, and ever more easily manipulated. Becoming a Barbarian attacks the emasculated emptiness of life in the modern West - "The Empire of Nothing" -and shows men how to think tribally again. It reveals the weaknesses of universalistic thinking, and challenges readers to become the kind of men who could go "all-in" and devote their lives to one group of people above all others. Becoming a Barbarian is about finding a tribe, finding a purpose, and choosing to live the kind of life that undermines the narrative of the Empire.*

## Fire in the Dark

*Men today have the ability to read and be inspired by masculine myths and stories from all of the world's religions. We can see how they evolved from one to another. Still, so many men find themselves searching for some sense of what is sacred and want to connect to something eternal, something greater than themselves. The question is: with so many choices, so many traditions, so many gods and heroes - which ones? In Fire in the Dark, author Jack Donovan - best known for his underground classic, The Way of Men - explores the common themes in these myths that are still relevant to the lives of men today. Beginning with the simple, primal metaphor of the campfire, Donovan identifies a tripartite system of masculine roles and shows how those roles have been repeated again and again throughout the history of myth and religion. It is the nature of men to create order from chaos, and when order has been created, it is the work of men to protect and perpetuate that order. These jobs have been idealized in world-ordering sky fathers and thundering warriors and fertility gods. Donovan has integrated these ideals into a natural religion for men that is not new, but actually draws from the very oldest ideas about what it means to be a man.*

## The Married Man Sex Life Primer 2011

*CreateSpace The author of the innovative sex and marriage blog "Married Man Sex Life" brings together his edgy and brilliant advice in a single volume primer delivering the motherload of substance.The Married Man Sex Life Primer 2011 cherry picks the best ideas of books like "The Mystery Method," "No More Mr. Nice Guy," and the volatile online world of the Pickup Artist a.k.a. "Game" community and merges them with a solid grounding in evolutionary psychology, sociology, biology and behavior modification. The result is a simple, effective plan for men to create sexually exciting marriages for themselves and their wives.The opening covers the underlying ancient "hard-wired" biological and modern social reasons women find men attractive. Athol pulls no punches here and the sexual motivations of women are laid bare. Though rather than framing women as sexually devious and seeking to advantage themselves over men, he explains how their sexual behavior is entirely rational in nature and once understood as such, it becomes very useful information.The second part of the book takes the framework developed in the first part and offers a wealth of tools to put it to practical use. The most important tool is The Male Action Plan, which charges the husband with the task of becoming a better, sexier man and thereby leveraging his increased attractiveness for a better sex life with his wife. As Athol says, "whoever is the most attractive in the relationship is in charge." The third part of the book is a treasure trove of playful sexy and romantic moves women will find charming and engaging. It's clear that Athol could have a harem of young ladies, but here he displays an endless variety of playful instigation to continually charm just one.The final section is a catchall of serious topics on what not to do, how to choose a wife, the current state of marriage law and a crushingly simple approach to dealing with being cheated on.(Want a better man? Leave it where he can find it.)*
